

Details of Ongoing and New Research Projects

| Sr. No. | Principal Investigator | Title of the project | Amount in (Rs) (Period) | Funding Agency |
|----------------|-------------------------------|--|---|--|
| 1. | Dr. S. S. Soni | Development of Water based Polymer Gel Electrolytes for Advanced Devices | 25,40,800/- (April 2013 – March 2016) | SERB, DST, New Delhi (DST Young Scientist Award) |
| 2. | Dr. S. S. Soni | Scaling of Dye Sensitized Solar Cell Fabrication | 87,75,000/- (1 st September 2014- 31 st August 2016) | DST, New Delhi |
| 3. | Dr. K. R. Surati | “Highly Efficient Phosphorescent Iridium (III) and Zinc (II) Mixed Ligand Complexes for OLEDs: Fabrication and it’s Application” | 25,92,255/- (2013-2015) | DST (TSG), New Delhi |
| 4. | Dr. K. R. Surati | “Highly efficient Phosphorescent Mixed Ligand Complexes for OLEDs: Fabrication and it’s Application” | 2,20,000/- (Oct. 2014 to Sept. 2016) | GUJCOST, Gandhinagar |
