

Sardar Patel University

Research Eco System and Performance

The university has been striving since its inception to carry out the research work to generate new knowledge and disseminate it by teaching. Efforts are made to attract funds from various national agencies like UGC, DST, DBT, ICSSR and DAE etc.

The Department of Chemistry along with the Department of Biosciences, Material Science, Physics and Computer Science have been awarded the Centre of Excellence in Applied Polymers for the period 2016 to 2021. A total of 12 Project Fellows and 2 technicians are working in this programme.

A total of 11 of our departments have been recognised and received special funding under various programmes: UGC-CAS (Chemistry, Bioscience, Economics), UGC-SAP-DRS Programmes (Gujarati, Mathematics, Home-Science, Business Studies, Statistics and Business Administration). The Department of Physics is covered under the DST-FIST Programme. The Department of Biosciences is recognised for the DBT-IBT Programme.

A total number of 37 sponsored research projects are in progress in our departments. Similarly, 09 new projects sponsored by various national agencies are received during the year. The fund received for these ongoing and new projects amounts to 1534.93 lacs. A total number of 250 research papers have been published in the journal of national and international repute during the year by 266 faculty members. 27 Research students have been provided financial assistance for research work under various schemes such as JRF, Project Fellow etc. Similarly, the university awarded 137 PhD degrees and 50 MPhil Degrees during the year. 21 of our professors are awarded a fellowship by Gujarat Science Academy, Ahmedabad.
