To ensure the full participation of the students, we insist the course be credit-based. The credits are according to the preference of the university.

Course Instructors:

As IPDC is about values and not just grades, an ideal candidate for teaching the course should be morally and ethically accomplished. The instructor should also be an effective communicator, well adept at conducting activities with the students. The required academic qualification for the instructor should be minimum graduation in any stream. We propose that all instructors appointed by your institute should attend an IPDC faculty workshop to get familiar with the style of the course. We are glad to inform you that BAPS is ready to provide this workshop.

Technical Requirements:

As elaborated in meetings and published in presentations, the foremost element of the course involves videos and interactive sessions which require a good level of audio/video amenities at the campus for students. A projector, laptop, internet connection, and basic audio-visual set-up are requisite for productive learning and positive outcome of the course.

IPDC Team will provide a digital portal to deliver all the IPDC video content. This platform allows smoothness in the learning and teaching process. IPDC Team will provide this digital system free of charge, and the University/Institute will approve and assist in implementing its use.

Approval of Teaching Mediums:

All the lecture videos and materials, alongside the teacher's guide, have been designed by BAPS and will be provided as discussed below.

The lecture videos will be provided through a web portal that runs on Windows devices or through a mobile app. This medium will be provided to all the registered teaching faculty, free of charge. The university should approve this medium and assist in the implementation of its use.

The IPDC workbook is an essential part of the course, as they provide the content and basis for the end-of-semester exams and the continuous assessments. The university should approve the use and purchase of this printed material for the students.

Registrations and Course-Beneficiaries Data:

To ensure the smooth implementation of the course, the university/institute will ensure that the students and faculties officially register with IPDC. For this purpose, the university/institutes will be required to provide the necessary information about the colleges, faculty members, and enrolled students in the course. Also, respective institutes need to provide enrolled students' final results in this subject for every batch in the format required by IPDC Team. IPDC Team will also offer a certificate to students upon completion of the course.

Fees/Charges:

BAPS Sanstha has always focused on social activities to empower the nation and its youth. This course focuses on moral and character development and is dedicated to providing holistic value-based education to the youth.
