

**Master of Laws (Environment & Legal Order Group)**  
**LL.M. (Environment & Legal Order Group) Semester-I**

<b>Course Code</b>	<b>PL01ELEN53</b>	<b>Title of the Course</b>	Environment Protection – Law and Rules
<b>Total Credits of the Course</b>	5	<b>Hours per Week</b>	

<b>Course Objectives:</b>	<p>Through the centuries of their growth, societies had done their best to keep their neighbourhood clean and healthy. It is said that the world environmental consciousness had made a radical change in the character of international law from a moral code of ethics among nations to an almost positive law imposing on the states to observe environmental norms. The objective of this course are as follows:-</p> <ol style="list-style-type: none"><li>1. Deeper understanding about the international concern for environmental protections.</li><li>2. To understand the various fundamental principles of international environmental law.</li><li>3. To understand the concept of marine environment.</li></ol>
---------------------------	--
