

## SARDAR PATEL UNIVERSITY Vallabh Vidyanagar, Gujarat (Reaccredited with 'A' Grade by NAAC (CGPA 3.25) Syllabus with effect from the Academic Year 2022-2023

## **PROGRAMME STRUCTURE**

## M.Sc. Botany Semester: III

Programme Outcome (PO) - For M.Sc. Botany Programme	Students completing M.Sc. Botany course of four semesters will gain thorough knowledge and develop relevant practical skills on different areas of Botany, both the fundamental and traditional aspects as well as the advanced and application oriented aspects such as plant structural and functional diversity and its role in human livelihood, ecological services and human influenced environmental issues, evolution processes resulting the diversified plant groups, their morphological, anatomical, and physiological adaptations to different environmental conditions, plant interactions with microbes and insects, genetic makeup and inheritance of various levels of plants, cell and molecular biology of plants, horticultural crops, physiology, biochemistry, biotechnology, recombinant DNA technology, proteomics and transgenic technology.
	Students will develop skills of plant explorations and identifications, herbarium preparation and preservation techniques, nursery establishment and management techniques, principles and methods of biodiversity conservation, microscopy and microtomy, reproduction, genetics, genetic structure of populations, microbiology, molecular biology, identification of various pests and diseases of crop plants and their controlling mechanisms, various analytical techniques, acquaintance with the use of bioinformatics tools and databases and application of statistics to biological data, biotechnological tools and techniques used for mass <i>in vitro</i> propagation, genetic transformation of plants, transgenic technology.
	By performing practical experiments relevant to the theory papers and taking one elective paper of their choice in each semester and a dissertation course in the fourth semester, students will get trained in experimental design and execution, firsthand experience on tools and techniques of research, quantitative and qualitative data analysis and interpretation of data. By presenting seminars in each semester, students will develop science communication and presentation skills.

## SARDAR PATEL UNIVERSITY Vallabh Vidyanagar, Gujarat (Reaccredited with 'A' Grade by NAAC (CGPA 3.25) Syllabus with effect from the Academic Year 2022-2023

Programme Specific	Having studied the four prescribed papers, by the end of this semester, students will be able to:
Outcome (PSO) - For	1. Recognize and appreciate diversity, classification, ecological and economic significance of various groups of lower plants
MSc Botany Semester - I	and higher plants including archibacteria and eubacteria.
	2. Understand how cell interacts with environment, how cell growth and death are regulated.
	3. Understand evolutionary trends among different groups of plants.
	4. Have clear understanding about various tools and techniques to study cells, different cell organelles and their functions.
	5. Become familiar with appropriate statistical methods required for designing a scientific experiments, formulate appropriate hypothesis for a scientific investigation.

To Pass	(1) At least 40% marks in each paper at the University Examination and 40% aggregate marks in Internal and External Assessment.
	(2) At least 33% Marks in each paper in Internal Assessment.

	Course Code	Name Of Course	Theory/ Practical	Credit	Exam	Component of Marks		
Course Type					Duration	Internal	External	Total
					in hrs	Total	Total	Total
Core Course	PS03CBOT51	Genetics and Plant Breeding	Т	4	3	30	70	100
	PS03CBOT52	Mycology and Plant pathology	Т	4	3	30	70	100
	PS03CBOT53	Plant Developmental Biology	Т	4	3	30	70	100
	PS03CBOT54	Practicals	Р	4	3	30	70	100
	PS03CBOT55	Practicals	Р	4	3	30	70	100
	PS03CBOT56	Viva-Voce		1		=	50	50
Elective	PS03EBOT51	Phytoresources	Т	4	3	30	70	100
Course	PS03EBOT52	Horticulture	Т	4	3	30	70	100
(Any One)	PS03EBOT53	Bioinformatics	Т	4	3	30	70	100
