SARDAR PATEL UNIVERSITY
F.Y.B.A. (SECOND SEMESTER) (CBCS) EXAMINATION 2015
Thursday, 9th April, 2015
10.30 a.m. to 12.30 p.m.

UA02CEPS03: Introduction to psychology -II

Total Marks: 60

Q.1 Multiple choice questions

15marks

01. There are four stages of problem solving which does not include _____
 A. preparation
 B. incubation
 C. evaluation and revision
 D. set
02. Theory of interference is associated with
 A. Memory
 B. Learning by conditioning
 C. Motivation
 D. Behavior modification
03. The formula for the intelligence quotient is _____
 A. $100 \times \text{mental age}$
 B. $100 \times \text{mental age} \times \text{chronological age}$
 C. $100 \times \text{chronological age} / \text{mental age}$
 D. $100 \times \text{mental age} / \text{chronological age}$
04. Motivation could be described as
 A. An instinctual response to a need
 B. A modifier of behavior
 C. An acquired response to a need
 D. An energizer of behavior
05. Something that works backward to block previous learning is known as
 A. Interference theory of forgetting
 B. Retroactive inhibition
 C. Proactive inhibition
 D. Cognitive inhibition
06. These are few main steps / conditions of creative thinking select their correct orders
 A. Preparations, illuminations, verifications, Inculcations
 B. Preparations, verifications, Inculcations, illuminations
 C. Preparations, Inculcations, illuminations, verifications
 D. Preparations, Inculcations, verifications, illuminations
07. "Saving Score" is used as a measure of
 A. recall
 B. reintegration
 C. relearning
 D. recognition
08. The first test designed to measure intelligence were developed by _____
 A. Alfred
 B. Simon
 C. Galton
 D. Thurstone
09. According to Woodworth and Schlosberg memory span method the size is found to be
 A. 7 ± 2
 B. 5 ± 13
 C. 2 ± 9
 D. 5 ± 11
10. The things that we learn to fear are
 A. Primary goals
 B. Primary negative goals
 C. Secondary negative goals
 D. Punishment

11. A person's ability to learn depends on

- A. Intelligence
- C. State of arousal

- B. Age
- D. All of above
