Cyber Laws- UL08CBLH03

Total marks 50

Q1. Attempt any two Problems. [10]

- 1.) "O" the defendant had launched the website with similar trademark & domain name nearly identical to "C" plaintiff's renowned website and also provided a similar services as that of plaintiff. The case is in front of the court who will win the case and on what bases? Decide
- 2.) "Z" email account password is stolen & the Account is misused for sending out Malicious Code to people in the victim's e-mail address book by "K". The recipients of these viruses believe that the email is coming from a known person & run the attachments due to which it infects their computers with malicious Code. What Kind of Cyber Crime is it ? and Who is liable under this situation.
- 3.) In a situation where Company "A" won the bid of e-auctions of an item from the company "B" but the bidding of the E-auction was done by Company "A" from "X" State and Company "B" is from "Y" State, but Company "A" office is in the same State as that of Company "B" i.e. "Y" State. The acceptance was made to "A" e-mail address. Accepting Upon this acceptance "A" deposited the bidding amount to "B". Company "B" did not deliver the item instead e-mailed Company "A" that due to technical reason the bidding was cancelled. The only reason for the cancellation was that there some other person bid was higher than "A" and due to technical fault it did not recognised. During this situation Company "A" was present, in the same State as that of "B". Company "A" Filed the case in the Court. The case is in front of the Court regarding issue of the jurisdiction matter to entertain or not. Does the Court have Jurisdiction? Under which section of IT Act? Discuss the matter.
