

(49) SARDAR PATEL UNIVERSITY

MSW Examination, I Semester

Fri Day Date 24.04.2019

Session: Morning / Evening Time : 10:30 to 01:30

Subject/Course Code : PA01CM5W05 /Paper No. \_\_\_\_\_

Subject/Course Title: Social Work Research

Total Weightage/Marks : 70

## Q-1 Multiple Choice Questions

(10)

1) Probability Sampling is based on the concept of \_\_\_\_\_ selection.

- a) Random                      b) Non-random                      c) Both                      d) None

2) Research Methodology-Methods and Techniques II<sup>nd</sup> Edition is Written by \_\_\_\_\_

- a) Dr. S. L. Gupta                      b) Hitesh Gupta                      c) C.R.Kothari                      d) D.K. Laldas

3) \_\_\_\_\_ is the value which occurs with the highest frequency.

- a) Mean                      b) Median                      c) Mode                      d) All

4) The difference between the largest and the smallest values of a set of data is known as \_\_\_\_\_

- a) Interval                      b) Range                      c) Nominal                      d) Ordinal

5) \_\_\_\_\_ is the projective techniques

- a) Word Association                      b) Sentence Completion                      c) Verbal Projection                      d) All

6) Research Methodology Text and Cases With SPSS Application is written by \_\_\_\_\_

- a) Dr. S. L. Gupta & Hitesh Gupta                      b) C.R.Kothari                      c) D.K.Laldas                      d) None

7) Identification of Sampling Frame is the \_\_\_\_\_ step in Sampling Process.

- a) First                      b) Second                      c) Third                      d) Fourth

8) \_\_\_\_\_ is the process of examining errors and omissions in the collected data and making necessary corrections in the same.

- a) Coding                      b) Editing                      c) Tabulation                      d) Cross Tabulation

9) SPSS stands for \_\_\_\_\_

- a) **Statistical Packages for Social Science**   b) **Static Package of Social Science**  
c) **Social Package for Statistic Science**   d) **Statistical Package for Social Sciences**

10) \_\_\_\_\_ interview is concerned with broad understanding, feeling or motivation of individuals life experience

- a) **Focus Interview**   b) **Clinical Interview** c) **Non directive Interview** d) **None**

Q-2 Define Sampling and explain Probability and Non-Probability Sampling with its types

(15)

**OR**

Q-2 Enlist the tools of data collections and Explain any two in detail

(15)

Q-3 Elaborate the types of Research with relevant examples

(15)

**OR**

Q-3 Explain the research Process by sighting the steps

(15)

Q-4 Define and explain the need of Research in Field Work

(15)

**OR**

Q-4 Explain and illustrate the Research Proposal

(15)

**Q-5 Short Note (Any 2)**

**(15)**

1 Scientific Method

2 Research Problem

3 Research Hypotheses

4 Research Design
