FEEDBACK ANALYSIS (Cumulative)

While merging all the courses in the total 05 years stint (i.e. from 2016/17 to 2020/21), it is well observed that, overall rating of the participant students expresses 80% up to the mark and expectations. Almost 90% are in the opine that, Course Content, relevance and clarity & Extent of effort put by students are very good as it is well explained and supported by the faculty and other supportive mechanism. While, more than 50% of the students' participants response that coverage of the courses and applicability to real life is very good.

ACTION TAKEN (Cumulative)

There are all possible steps has been either taken or in the pipeline with the regulatory procedures.

Meanwhile, one non-comforts on the part of the students, in general, has been set out with the hanging off the Green Curtains on the window of the classroom to be convenient attending the lectures while it was run on the power point presentation to be protected from direct sunlight.

As some of the students are observed the real life connect to that of the syllabus, we attempted to inculcate the 'Data Science' in the each of the course and practices based on the real life examples.
