Action Taken Report on Feedback of the Students – 2020-21

Because of Covid-19 the classes were taken online. The reading material was made available to them in pdf and e books. They found it adequate but an access to the central library would have certainly helped. Apart from online classes, the staff also took care to know about their general well being and asked them to reach out to them in case of any emergency.

For internal evaluation, the students were required to submit assignments in pdf to the department and which were evaluated by the staff. Given the difficult situation, the department was lenient in evaluation. The students adjusted to the new system and have had no major problems with the system in general. The department has also taken exams online on google meet. The faculty has inspired students to take part in various activities and NET and SET examination.
