EXTENSION ACTIVITIES

Extension activities have always been an integral part of our department since both the post graduate courses we are offering (MSW&MSW-HR) are directly related to society and community. Community is the laboratory where our students do their field work/practical so that they learn the process they study in their theory in their respective class rooms.

Number of activities are been carried out by our students on different themes. The main themes were Health, Sanitation, Environment, Women, Education, Disability, Demonetization etc and the activities are organized based on these themes. Following are the list of activities.

1. Peace Day Celebration: To make people aware about the ill effects of various types of addictions students of Department of Social Work had organized a number of activities with the help of Kripa Foundation, Vadodara. Students placed at Vadodara and Vidyanagar branches of Kripa foundation under the guidance of Mrs. Susan Christian, Director of Kripa Foundation had organized a **Peace day in Sardar Patel University** where in representatives of students and faculty members from all departments of university were invited. A skit was played by the students to highlight the issues related to addiction. This skit is been played by them in different places like Anand, Baroda railway stations, number of schools in and around Anand and Baroda and in Dabhasa village, Anand.

2. Awareness campaigns on De-addiction: Awareness campaigns are been organized by students placed with Kripa foundation in their first/second semester field work wherein poster exhibitions highlighting the impact of addictions in the health, personal life, family life and social life of addicts were included. Treatment and de-addiction facilities available in community are explained to people with these programmes.

3. Health Awareness Programme: Communicable diseases like dengue and malaria can be prevented in our societies if people are made aware about the causes and modes of transmission of these diseases. So to educate people about the details and prevention & treatment of these diseases in **Jobanpura village** students have organized awareness programmes & poster exhibitions. Resource persons were invited to talk to people. These activities were carried out by students after need identification and proper planning.

4. **"Assessment of services provided in SSG Hospital"**

To know and understand the facilities provided in hospital and the areas of improvement, students of Department of Social Work, Sardar Patel University, conducted a survey regarding the facilities provided by the pediatric department of SSG Hospital in Vadodara under the guidance of Mrs. Dolcy Simmon, Director, VYOM [NGO], Vadodara. Students prepared the questionnaire and took responses from 50 different people (relatives of patients) of pediatric department.

The students also did the analysis of the data collected from the respondents. The same report of analysis and the data was submitted to the Mrs. Dolcy Simmon to work on the needs identified. The students involved in this project were Manasi T. Chandak, Shivangi Dhumal& Punjan Patel.

5. Awareness programme on "women Empowerment"

On 29th September 2016 students of Department of Social Work conducted a programme on "women empowerment" in the village Jobanpura. With the guidance of Ms. Ashaben Dalal, President, Jagrut Mahila Sangathan, Ms. Subhdraben, who is a member of Jagrut Mahila Sangathan made the women of the village aware about their rights, rules and regulations. She also talked to them about the government schemes for the women.

She also explained the women about how they fight for their rights and how can they fight against the violence. She also shared her working experience in Jagrut Mahila Sangathan and what she did for the women. This programme helped the women to clarify their doubts, seek for details about many schemes and programmes run by government for them.

6. Swatchh Bharat Mission Campaign: "A clean India would be the best tribute India could pay to Mahatma Gandhi on his 150 birth anniversary in 2019," said Shri Narendra Modi as he launched the Swachh Bharat Mission at Rajpath in New Delhi. On 2nd October 2014, Swachh Bharat Mission was launched throughout length and breadth of the country as a national movement. The campaign aims to achieve the vision of a 'Clean India' by 2nd October 2019.

To accelerate the cleanliness mission and improve the levels of cleanliness in rural areas of Anand students of Department of Social Work organized rallies, poster exhibitions, door to door awareness programmes, talks on importance of cleanliness & proper sanitation. How eradication of open defecation is helping in development of our society and ensuring safety and security of our girls and women.

7. Accessible Training to Visually Handicapped at Blind People Association

Independence is the building methodology in achieving dreams, goals and objectives in life. Visually impaired persons find themselves challenging to go out independently. Blind people have big problem when they walk on the street or stairs using white cane, but they have sharp haptic sensitivity. The electronic walking stick will help the blind person by providing more convenient means of life. A training session was conducted by students of department of social work for visually impaired students of vidyanagar at Blind People Association, Ahmadabad, where they helped them learn lessons about use of electronic walking sticks.

8. Demonetization – Awareness Campaign

Phase I and Phase II

On 8 November 2016, Prime Minister of India Narendra Modi announced the demonetization and declared circulation of all 500 and 1,000 banknotes as invalid effective from the midnight of the same day and announced the issuance of new 500 and 2000 banknotes of in exchange for the old banknotes. Demonetization was explained as a counter-terrorism act.

In the wake of demonetization, the HRD Ministry organized a month-long campaign, began on 12 December, to spread awareness about digital transactions among university students and teachers across the country and started the initiative -- **Vittiya Saksharta Abhiyan (VISAKA**).

Students from Department of Social Work, Sardar Patel University also registered themselves as volunteers in this initiative and took part in this awareness campaign. This programme is been done in two phases. In the **first phase** students and teachers were made aware about digital transactions by different bank officials like SBI, Bank of Baroda, ICCI Bank, Axis Bank etc and they were explained about e- wallet, debit card, credit card, e-payment, net banking et, and how to have access to it.

In the **second phase** these students along with their faculty members took the VISAKA initiative to various urban and rural areas in and around Anand district and campaigned about digital transactions and importance of doing away with cash transactions. They also explained farmers, students, small and petty shop owners, vegetable vendors, rickshaw drivers, fruit sellers, house wives etc about the importance of digital transactions and how they can do that.

9. Cashless Transactions - Awareness Campaign at Ambhav and Navakhal, Batva, Khansol, Metpur, Fatepura, Ishrama, Jitpura villages.

To make people familiar with digital currency and internet based transactions, where money has no physical form but still serves the purpose, is one of the important requirements to make digital India a reality. So this trend of the cashless economy has demanded easy modes of payment and Reserve Bank of India (RBI) came up with prepaid payment instruments. These instruments include smart cards, magnetic stripe cards, internet accounts, internet wallets, mobile accounts, mobile wallets, paper vouchers and any such instrument which can be used to access the prepaid amount. Many popular e- wallets in India are introduced to people with its special features and how to use swiping machines with demonstrations. Skits, Talks and poster presentations also were done by students to make people understand the uses of cashless transactions and importance of digital India in its development.

10. Awareness programmes on Renal Care and Kidney Diseases at Anandalaya Senior Citizens association, prerna yoga programme at Kammatti baug, Nandesari village,

In a survey conducted by IRF in one group of educated employed/working class people with an income of more than Rs. 1.2 lakhs/annum, awareness about the seriousness of kidney disease and kidney failure was as low as 7.2% : far less than that for cancer and heart attack problems.

This lack of awareness keeps people from taking preventive steps and seeking timely and adequate treatment in the case of kidney disease. With the objective of make people aware about renal care, kidney diseases, preventive measures and treatment facilities of kidney diseases, number of awareness programmes are been conducted in different places including villages, schools, old age homes etc. For kidney patients a yoga session was also conducted at Kammatti baug, Vadodara.

NSS CAMP AT BORIYA VILLAGE, ANAND DURING 7-13TH JANUARY, 2017

The Motto of NSS "Not Me but You" reflects the essence of democratic living and upholds the need for self-less service. NSS helps the students develop appreciation to other person's point of view and also show consideration to '/other living beings. The philosophy of the NSS is well doctrine in this motto, which underlines/on the belief that the welfare .of an individual is ultimately dependent on the welfare of the society on the whole and therefore, the NSS volunteers shall strive for the well-being of the society.

The National Service Scheme with the themes of "Swachh Bharat Mission and Digitalization" has been organised a camp at Boriya Village of Anand district during 7th-13th January, 2017 by Department of Social Work, S.P University, Vallabh Vidya Nagar. 5) Rights of Women- Program with reference to Dowry and Domestic Violence 12-27th February, 2018

While undergoing field work students always come up with field level issues be it of women or children or general. DSW always believe in bringing resources to the doorstep of beneficiaries making it more pro-people. To abide by same ideology, DSW collaborated with District Dowry Prohibition cum Protection Officer for organizing awareness programme in all villages where students have been placed for rural field work practicum.

DSW is very much thankful to Mr. Chetan Sojitra for taking pain and personally have visited and imparted expert talk in all the villages. He covered programmes, schemes and major Acts pertaining to women rights including Domestic Violence, Dowry Prohibition, 181 Abhayam, Police Station Based Support Centre etc.

6) Mat Mahotsav
28th Nov-7th Dec 2017

Gujarat faced very prominent phase in the year 2017 as state was due for general election. This democratic celebration not only for called for forming of government but also an opportunity to exercise one's right to vote for their choice of people. Looking into line of less voters' turnout during last Gujarat general election, was invited by Collector Office, Anand to spread awareness of one's right to vote and helping people to register highest voting during the phase.

After the initial meeting and plan, DSW decided to introduce serious of activities helping government to register highest voters' turnout and students learning activities. DSW designed and adopted many ways of spreading awareness, out of which signature campaign became talk of the town activities and attracted masses to exercise right to vote.

The whole campaign was kick started by Election Officer and Collector of Anand District Mr. Dhaval Patel in the presence of students and faculty members near Bhaikaka Statue. Collector himself addressed students and assures all the possible help required to make the event a grand success. DSW with the help of authorities and innovation has conducted following programmes.

- Signature Campaign in selected lower voters' turnout wards
- Stickers for two and four wheelers claiming ones' commitment to vote and also inspire others as well.
- Voters' awareness through skits. Students performed as many as 12 skits in various identified areas.
- Rally in Vallabh Vidyanagar in collaboration with NSS Unit of N V Patel College
- Selfie Zone for all voting eligible the age group..
- EVM Demonstration at colleges and public places
- Distribution of leaflets in all the colleges of Anand and Vallabhvidyanagar

The campaign has been covered by many mainstream media like news paper along with national level news agency 'The Wire.'

મેરા ગુજરાત બદલ રહા હૈ, યુવા આગે બઢ રહા હૈ

'દિવ્ય ભાસ્કર' દ્વારા વિદ્યાનગર MSW ડિપાર્ટમેન્ટ ખાતે લાઇવ ડિબેટમાં વિદ્યાર્થીઓએ પોતાના વિચારો રજૂ કર્યા

યુવાઓએ વિકાસના કાર્યને લઈને આગળ આવવું જોઈએ

આજનો યુવાનો રાજકારણમાં કેવી રીતે આગળ આવે ?

નોકરી મળતી નથી ત્યારે આંદોલન થાય છે

રાજકારણમાં યુવાનોને પૂરતી તક અપાતી નથી

જ્યાં સુધી વૃદ્ધ લોકો હટશે નહીં, ત્યાં સુધી યુવાનો આગળ આવશે નહીં

મહિલાઓના વિકાસની માત્ર વાતો થાય છે

શુદ્રને આજે પણ તુચ્છ ગણવામાં આવે છે

અનામત માત્ર હકદારને જ મળવી જોઈએ

મહિલાઓને ઘરમાંથી સપોર્ટ ન મળે તેનું શું ?

અનામત માટે તમામને માઈન્ડસેટ બદલવાની જરૂરત છે

કોમ્યુનિટી સાયન્સ સેન્ટરમાં જિલ્લાકક્ષાની બાળવિજ્ઞાન પરિષદ યોજવામાં આવશે

આણંદ, તા. ૧૪

આપણા દેશમાં દર વર્ષે જુદા જુદા સ્થળોએ નેશનલ ચિલ્ડ્રન સાયન્સ કોંગ્રેસ યોજવામાં આવે છે. જેના ભાગરૂપે રાજ્યકક્ષાની બાળવિજ્ઞાન કોંગ્રેસનું આયોજન રાજ્ય સરકારની ગુજકોસ્ટ સંસ્થા દ્વારા કરવામાં આવશે. રાજ્યકક્ષાના કાર્યક્રમમાં ભાગ લેવા માટે જિલ્લાકક્ષાની બાળ વિજ્ઞાન પરિષદ તા. ૩જી ઓકટોબરે સ.પ.યુ. હેઠળના લોકવિજ્ઞાન કેન્દ્ર દ્વારા ગોઠવવામાં આવી છે. શાળા કક્ષાએ બાળકો વિજ્ઞાન અને ટેકનોલોજી ભણે છે તે છતાં તેઓમાં જરૂરી વૈજ્ઞાનિક આવડત કેળવાતી નથી માટે આ સાયન્સ કોંગ્રેસનો હેતુ એ છે કે બાળકોની વૈજ્ઞાનિક દૃષ્ટિ ખીલે, પોતાની આસપાસનાં પર્યાવરણ અને સમાજને અનુલક્ષીને વૈજ્ઞાનિક વિગતો - ડેટા એકત્ર કરે અને તેનું વૈજ્ઞાનિક વિશ્લેષણ કરી બતાવે. ટૂંકમાં આ પરિષદનો હેતુ એક પ્રકારનાં વૈજ્ઞાનિક સંશોધનો અભિગમ કેળવવાનો છે.

વર્ષ ૨૦૧૮ - ૨૦૧૯ માટે સ્વચ્છ હરિયાળુ અને સ્વસ્થ રાષ્ટ્ર માટે વિજ્ઞાન, ટેકનોલોજી અને નવીનીકરણ તેના પાંચ પેટા વિષયો (૧) ઈકોસીસ્ટમ અને ઈકોસીસ્ટમ સેવા (૨) આરોગ્ય, સ્વાસ્થ્ય શાસ્ત્ર અને સ્વચ્છતા, (૩) કચરામાંથી સંચાન : વેસ્ટ ટુ વેલ્થ, (૪) સમાજ, સંસ્કૃતિ અને આજીવિકા (૫) પરંપરાગત જ્ઞાન પ્રણાલી (ટીકેએસ) છે. આ પરિષદ એક પ્રકારની સ્પર્ધા છે કે જેમાં દરેક શાળા દીઠ પાંચ ટીમો ભાગ લઇ શકશે.

સ્પર્ધાને અંતે પસંદ કરવામાં આવનાર દરેક ટીમોને રાજ્યકક્ષાની બાળવિજ્ઞાન પરિષદમાં મોકલવામાં આવનાર છે. બાળવિજ્ઞાન પરિષદ ગુજરાત સરકારના શિક્ષણ ખાતાએ માન્ય કરેલ છે તેમજ પરિપત્ર દરેક શાળાઓમાં કરેલ છે. જેમાં બાળવિજ્ઞાન પરિષદમાં ભાગ લેવા જણાવેલ છે. આ પ્રોજેકટમાં ૧૦ - ૧૭ વર્ષની વયજૂથના બાળકો (જુનિયર ૧૦ - ૧૪, સિનિયર ૧૪ થી ૧૭) ભાગ લેવાનો હોય છે. આ કાર્યક્રમ અંગે વિશેષ માહિતી મેળવવા માટે જિલ્લાના લોકવિજ્ઞાન કેન્દ્રનો સંપર્ક કરવા જણાવાયું છે.

Dear Sir,

From last 6 to 7 years our institute, ARIBAS organizes Scientifiq event with Community Science Center (CSC) of Sardar Patel University. This event is an innovative fun and learning based technical fest for students of science which provide them a platform to put forward their ideas and talent. This year also we have planned to organize event on 10th Jan 2018 and every year we are getting financial support from CSC in terms of stationary, certificates and trophy. So, for the same we need your cooperation to organize this event successfully.

With anticipation of your positive response and cooperation

Yours Sincerely,

GUJCOST\ ATL-Lab\2017-18/

27th June 2017

To.
Dear all CSC Coordinators

Sub: Nomination of School for Atal Tinkering Laboratories (ATLs) programme.

Dear Sir

Warm Greetings from Gujarat Council on Science & Technology, GUJCOST, Gandhinagar.

It is our pleasure to inform you that NITI Aayog, Govt of India, through its Atal Innovation Mission (AIM) is establishing Atal Tinkering Lab (ATL) in schools. The ATL is a workspace where young minds can give shape to their ideas through hands on activities and develop innovation skills.

The objective of this scheme is to foster curiosity, creativity and imagination in young minds; and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing, rapid calculations, measurements etc. Young children will get a chance to work with tools and equipment to understand what, how and why aspects of STEM (Science, Technology, Engineering and Math).

Under this scheme, schools will get 10 lakhs for capital support and 10 lakhs over 5 years for operations support. For more detail please have a look into the link : http://niti.gov.in/writereaddata/files/ATL%20-%20Final%20Guidelines%20-%202017-18.pdf.

During 2016-17, the AIM has established 457 Atal Tinkering Lab (ATL), out of which 18 ATL have been established in Gujarat. This year the announcement for establishment of new ATL has been published, for which the last date for submission of application is **15 July, 2017.**

In this connection, we request you to please identify the 20 model schools in your district and encourage them to apply for ATL through online application within the due date.

You are also requested to send the list of such schools to GUJCOST for the necessary follow up.

Please feel free to contact us for further queries.

Yours sincerely,

(Narottam Sahoo)

Subject : Jointly organizing a workshop on the 'Utilization of certain sophisticated instruments' for the students of our college.

Dear Sir,

As per our telephonic talk and discussion in person, we would like to organize a Workshop for the students of our college on the "Utilization of certain sophisticated instruments" on Wednesday, 27th February 2019, with an aim to make them aware about the various sophisticated instruments and their working as well as their applications and the principles of measurements involved therein. We are planning to organize this workshop in joint auspices of NVPAS, SICART & C. C. Patel Community Science Centre, Sardar Patel University, Vallabh Vidyanagar. Around 50 students of our college would be participating in the workshop. The workshop will contain technical sessions and lab visits to the various world class facilities available on the campus at SICART. We would like to expose the students about the various instrumentation facilities at SICART like TEM, XRD, HPLC, HPTLC, GC, etc. Please find herewith enclosed the programme of the workshop for your perusal.

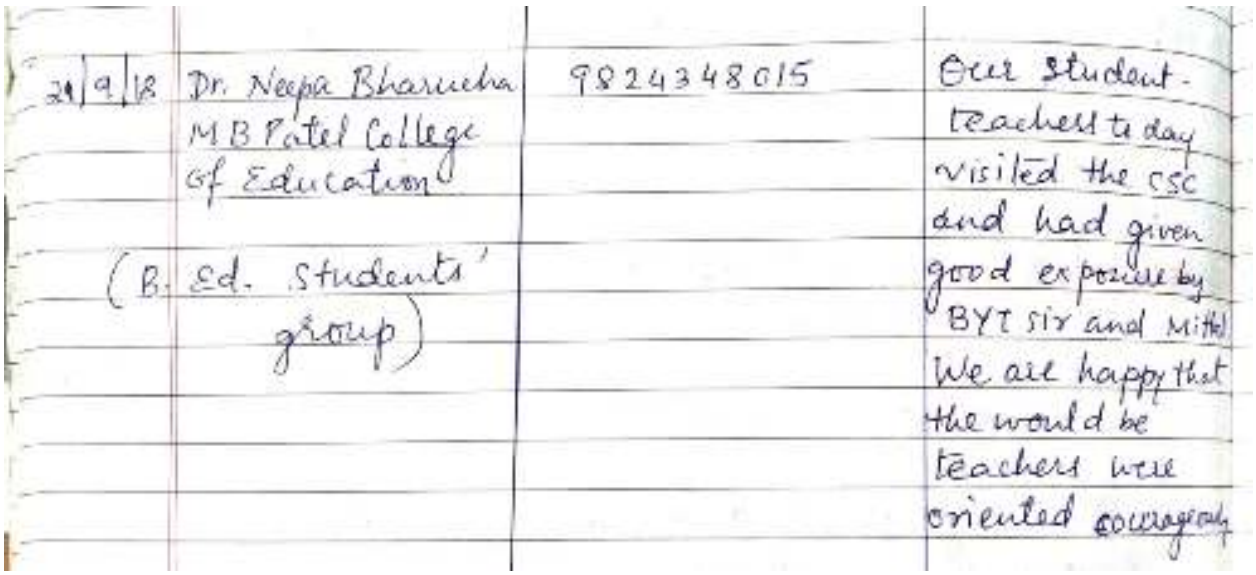

So I would like to solicit your support for this activity. Thanking you in anticipation and looking forward to meeting you.

Yours sincerely,

(Dr. N. J. Trivedi)
Head, Physical Sciences Deptt.

As a part of our efforts to make basic healthcare accessible for all, Sardar Patel University, Vallabh Vidyanagar, Gujarat with the support of its Primary Health Centre (PHC) and Post Graduate Department of Social Work (DSW) conducted a free health camp on 25/10/2018 in Ravipura village, a village which is been adopted by us with the purpose of its overall development.

Department of Social Work organises different kinds of activities as extension programmes in the nearby slum and rural area on humanitarian ground. As a part of these extension activities, the medical camp organised by university was supported by Department of Social Work at

Ravipura Village. Ravipura village is a remote area with around 300 families and the nearest PHC is in Morad which is quiet far and not easily accessible for many especially aged, disabled, children and those who are having difficulty in mobility.

The main aim of the free medical camp was to bring awareness amongst the deprived population of the Ravipura village who have less access to better healthcare services and make them aware about the diseases they are suffering from. It also aimed at providing them with basic treatment also.

The objectives of camp were to;

1. Know the health status of the village for future intervention for creating awareness on importance of healthy life
2. Provide free of charge diagnosis and medicine to the people of Ravipura village by better medical services by University Health Centre
3. Raise health awareness among the community and teach them to deal with diseases with hygienic practice as preventive measures
4. Provide them guidance or references for long term diseases which need specialised attention

The program was guided by Hon. Vice Chancellor Dr. Sirish Kulkarni. He wanted to organize the Medical Camp as soon as possible because now days viral fever is prevailing at large extent. He instructed to provide better services to the Ravipura Village as an adopted village of Sardar Patel University.

Before camp informal survey was conducted by Department's staffs so that need can be taken care during camp regarding types of diseases and timing of people availability in the village. On 23rd

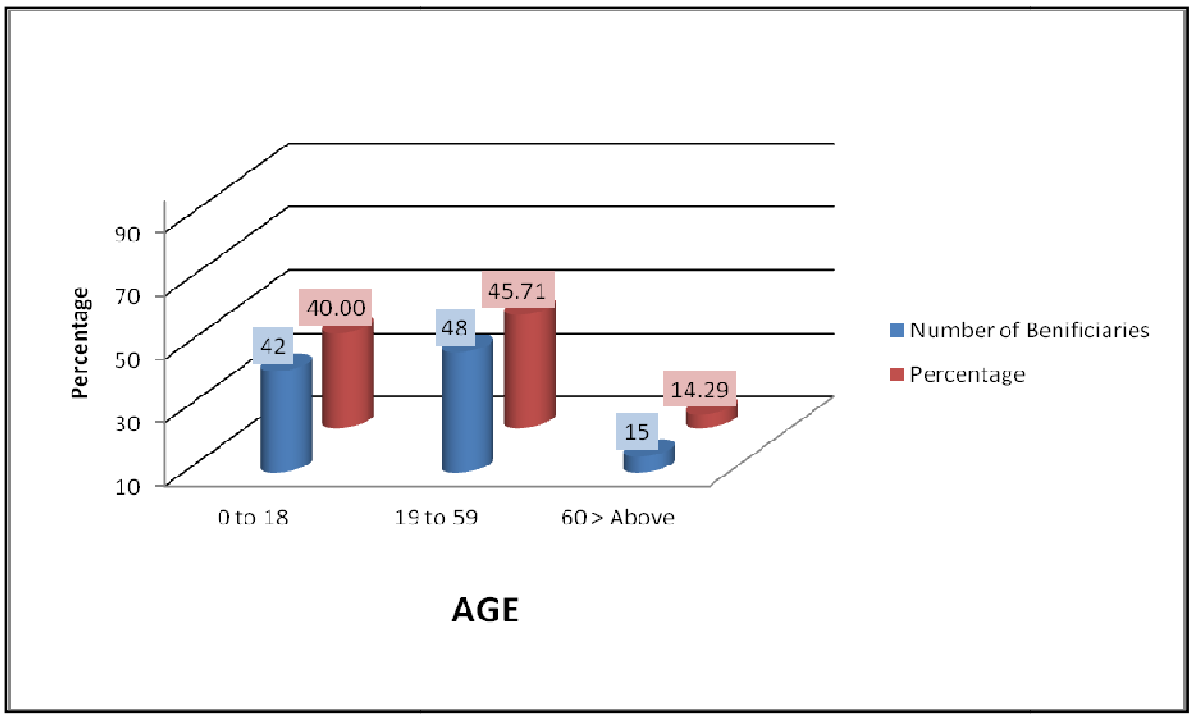

home to home awareness campaign for medical camp was done by the staffs by distributing flyers. They were also present in the venue throughout the camp to ensure its smooth functioning and successful completion.

With the coordination of University Health Centre Specialized Team, the camp was organized on 25th October 2018. Village leaders like Sarpanch, School Principal and other community leaders were mobilized to organize the camp successful with local people participation. Some important factors like age, lifestyle and any addiction are taken into account for long term health care intervention in the village. Addiction factor was taken in the consideration after knowing the addiction prevailing in the village and coordination was done with Faith Foundation, Vadodara (an organization working for the treatment and rehabilitation of addicts) and Mr. Bharatbhai, from the organization, who remained present in the venue also examined the addicts as a preliminary attempt to initiate a de-addiction programme in Ravipura village in the near future.

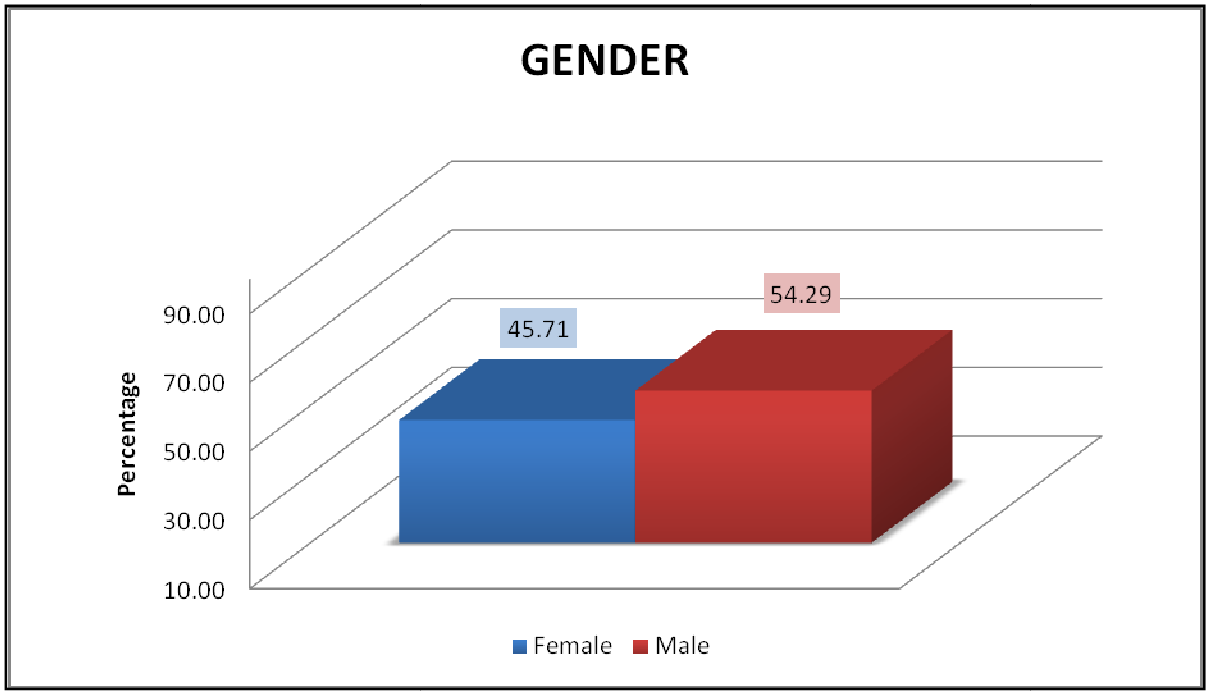

Around 105 patients attended the camp and the main diseases identified were cold & cough, fever, body ache and skin problems. Prevalence of addiction is found to be high among males and mainly gutaka and bidi are used as addiction.

Demographical details of Beneficiaries of Medical Camp

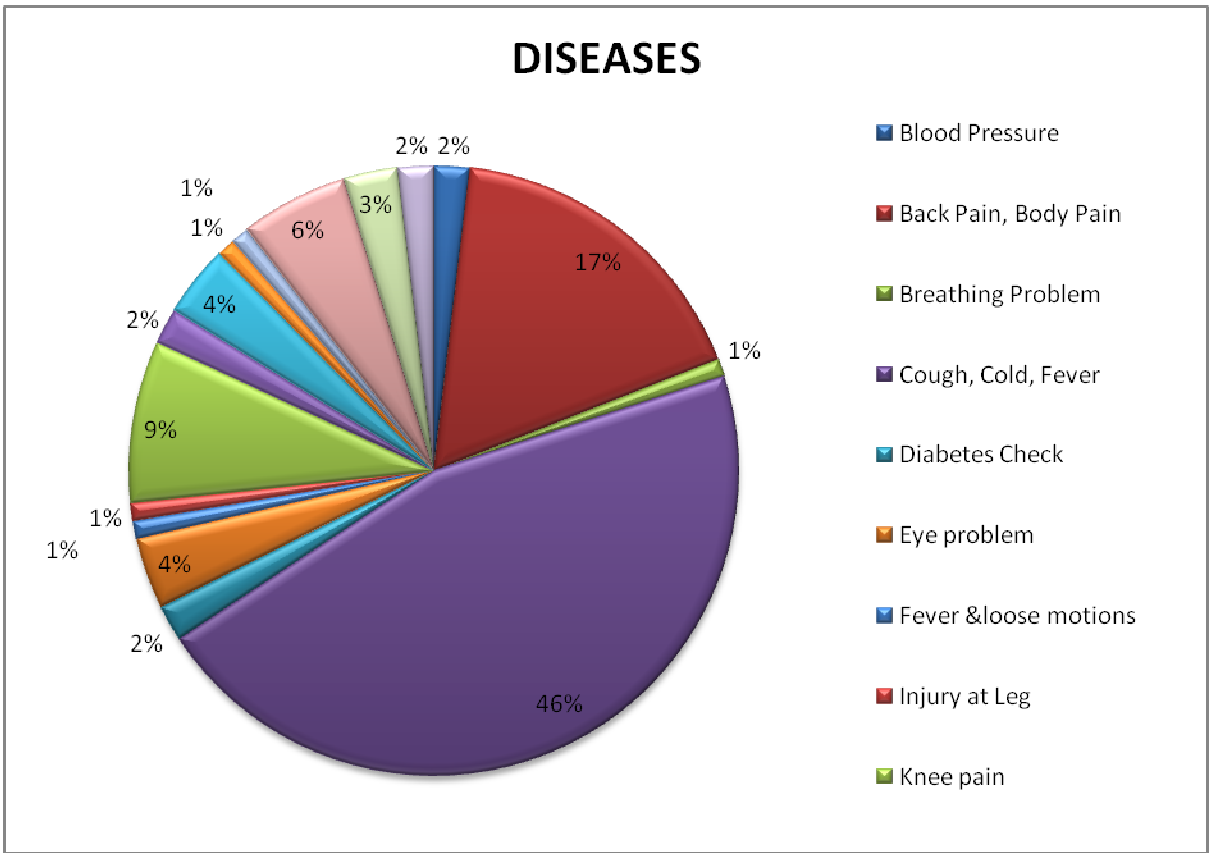

As per above graph, out of total 105 patients, there were 42 (40%) children and 15 (14.29%) were aged above age of 60 years. Rest 48 (45.71%) were adults.

If we see gender wise distribution of beneficiaries of this medical camp, total 57 male (54.29%) and 48 female (45.71%) were participated and got the services from the camp.

Types of Diseases Beneficiaries reported

As per the above table it is seen that cold & cough, fever, body ache, eye problems and skin problems privilege is very high followed by allergy, B.P., diabetes, ulcers, headache, Itching, pustules, sensation of heat in body and swelling on jaw line.

It was observed that such medical camp should be organized on regular bases in the village. There is need to organize specialized medical camps on eye check up and de- addiction.

With the help of Dr.Parth P Shukla and his team from K.M. Patel Institute of Physiotherapy, Charotar Arogya Mandal, Karamsad in collaboration with Department of Social Work, SardarPpatel University conducted a Physiotherapy camp on 13th November 2018 in Ravipura village. Ravipura village is a remote area with around 300 families and the nearest PHC is in Morad which is quiet far and not easily accessible for many especially aged, disabled, children and those who are having difficulty in mobility.

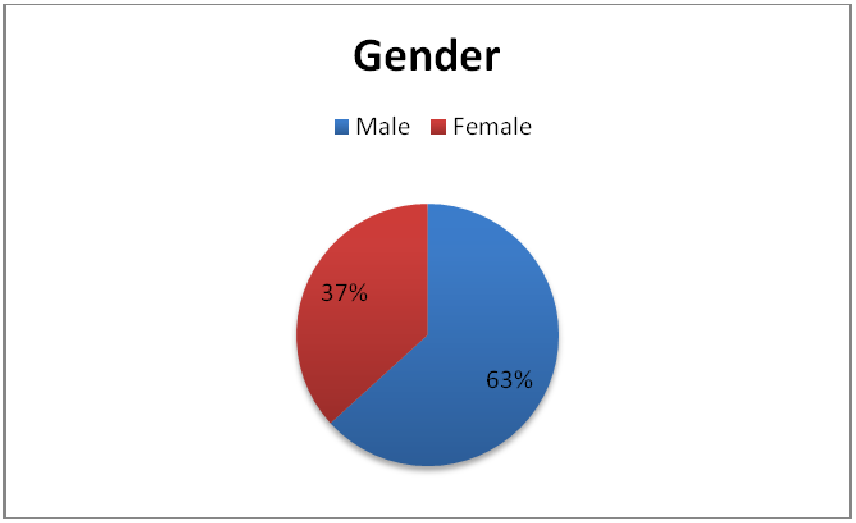

We are highly thankful to Hon. Vice Chancellor, Dr. Sirish Kulkarni, Sardar Patel University who guided us and supported us in organizing this program. The objective of conducting this camp was to provide a medical aid in physiotherapy, which was identified in the previous medical camp conducted on 25th October 2018. People falling in middle age group and elderly age group got needed physiotherapy treatment. The main aim of the free physiotherapy camp was to bring awareness amongst the deprived population of the Ravipura village who have less access to better healthcare services and make them aware about the problems they are suffering from. It also aimed at providing them with basic treatment also.

Before this camp an informal survey was conducted by Department's staffs so that the need can be taken care during camp regarding types of problems and timing of people availability in the village. On 13th November'2018 there was a home to home awareness campaign for physiotherapy camp, which was done by the staff through distributing flyers. Village leaders like

Sarpanch, School Principal and other community leaders were mobilized to organize the camp successful with local people participation.

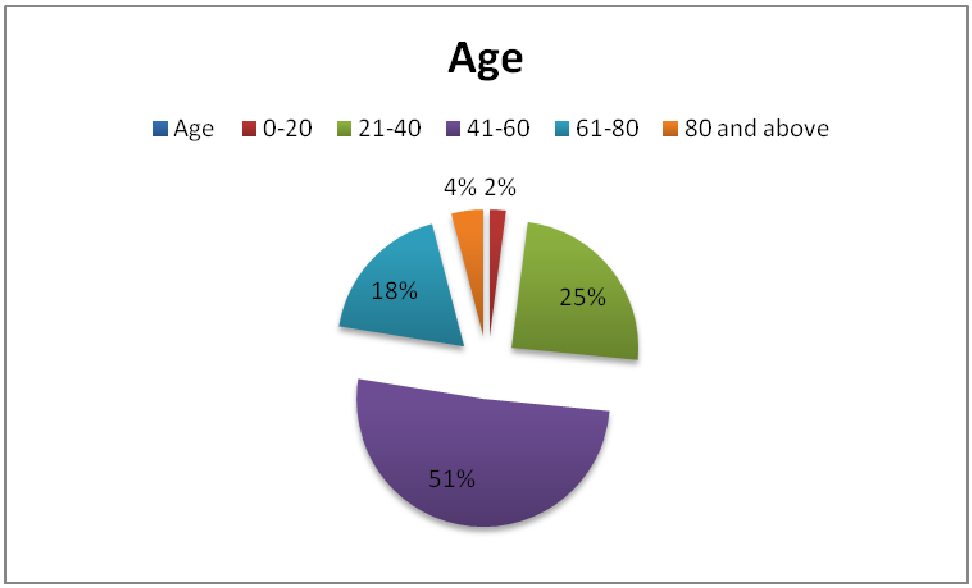

In this camp 49 villagers received the treatment and advised for further treatment, who all were diagnosed with different physical pain such as back pain, knee pain, body pain, leg pain, etc. For which Doctor and his team provided the service of physical exercise and referrals as per the need of patient.

Figure 1: Showing the number of Male and Female beneficiaries of Physiotherapy Camp

The above given figure shows that 63% of male and 37% of female received treatment from this camp. It can be observed that the male members of the village have more physical problems compared to females.

Bakery Training and Demonstration – 2018

Sardar Patel University is a state university in Gujarat, India. It is named after Sardar Vallabhbhai Patel, and was established in December 1995. It is situated in Vallabh Vidhyanagar, Anand. University comprises of eminent Departments running professional courses and one of them is Department of Social Work. Under the extensional activities of university which strives to reach the rural communities for development of nearby villages this year university has adopted Ravipura village and the aim is to provide a holistic development for the habitants of the village. With the support of University, Department of Social work has been doing humanitarian activities for betterment and well being for people of Ravipura village.

Dr. Devesh Patel and helper from School of Bakery, Anand Agriculture University in collaboration with Department of Social Work, Sardar Patel University conducted vocational training on bakery dated 17th November 2018 in Ravipura village. Ravipura village is a remote area with around 300 families and their earnings are based on agricultural, seasonal and daily wage activities hence the standard of living is simple and have poor health status as well as unemployment amongst youth of village is very high.

Anand Agriculture University, School of bakery aims as providing vocational training to young men and women to start their own business which would lead to self employment. The school enrols candidates who have done schooling from Gujarat Educational Board and those who have passed class 10th as well as candidates falling in the age group of 15 to 40 years. The school provides twenty weeks of training i.e. four and half month course and they have very nominal fees for this training. School provides different courses such as weekly bakery training class, specialised training class and many more that helps candidates to train in entrepreneur skills.

We are highly thankful to Hon. Vice Chancellor, Dr. Sirish Kulkarni, Sardar Patel University who guided us and supported us in organising this program. The objective of conducting this camp was to provide entrepreneur skill in order to create economic development of the youth of the village. Ravipura village has been adopted by the university with the objective of holistic development in terms of health, education and livelihood. Youth falling between the age group of 14 to 23 years registered for this training program. The training was conducted with the objective of providing a way of earning income, set up a business and also which would help them to gain employment to improve standard of living and supporting their families.

As per the information received from the local villagers reported saying that the livelihood status of the village is low as they are involved in seasonal, agricultural and daily wage labourers. Further it was also reported that they do not have other scope through which they could rely on to generate income. The youth who all registered for this program do not involve themselves in productive activities, have low level of education and spend their leisure time just by sitting at local shops and gets involved in consuming substances which was observed in last two camps that were conducted in medical camp and physiotherapy camp campaigning and on the day of the camps during desk registration.

Before this training program an informal survey was conducted by department so that to understand who all can gain benefit through this training and also to identify which other such similar training programs which should be conducted where even women and young female's can develop entrepreneur skills. On 17th November'2018 morning there was a home to home awareness campaign for bakery training program, which was done by the staff. Village leaders like Sarpanch, School Principal and other community leaders were mobilised to organise the camp successfully with local people participation.

For involving the youth of this village and engaging them into such training programs under which a group was framed on social media on the day of physiotherapy camp i.e. on 13th November, 2018 which truly helped in creating awareness for livelihood training program on bakery. Though the number of interested members was more on social media group in comparison to few turned up for the training program due to some reasons.

Report of Workshop on Participatory Rural Appraisal in Dena Village, Vadodara

Date : 1st January,2019

Day : Tuesday

Time : 10:45am to 5:00pm

Place : Dena Village,Vadodara

Subject : Information about PRA

Speaker : Mr. Babubhai Desai

Mr. Sachin Solanki

Aim: To attend a training session on PRA (Participatory Rural Appraisal)

Objectives :

- To gain brief knowledge about rural camp
- To understand the techniques of PRA

Process:

The Department of social work, Sardar Patel University, Vallabh Vidyanagar has organized an field visit at Dena village in Vadodara. It was organized for making the students clear about the rural camp and PRA techniques. The speaker were Mr. Babubhai Desai and Mr. Sachin Solanki.

The session started at 10:45 am by Mr. Babubhai Desai. The trainer first introduced himself. He is a speaker at SPIPA. He is a freelancer trainer. And also gives lectures on Child Protection, Rural Development. He is working in village since the last 12 years. He also gave information about village.

Then Mr. Sachin Solanki, from Pratibha Foundation gave the students information about Pratibha Foundation. He also told how they work for the children and about German volunteers, who are currently working(volunteering) in Pratibha Foundation. After this, Babubhai asked 3 of the students to volunteer him in the activity, there he conducted the activity to answer either in Yes or in No. He told all the three students to answer Yes with the guesture of No and Viceversa. After this, he conducted second activity, in that activity he told the students to write the name of 5 leaders/corporators of their respective area(ward). Then he conducted third activity, where he asked certain students about their mother's designation, through both this activity he created the awareness and the need to change the society's perspective of seeing womens, gender biasness.

Then the students were taken to the ground, which was behind the sky center for social mapping. One of the student of MSW HR gave information about his village and on the basis of his village all the students were instructed to do social mapping,the name of village was Hadgud. The activity of constructing a Social map was done through rangoli colours and Chuna. He took different colors,drew map and social institutions of his village. Firstly,the student made village boundary and the directions (East, West, North and South) ,Sarpanch office, school, temple, road, water tank, community, aanganvadi etc.

Then Mr. Babubhai also informed the students about advantages and limitations of social mapping. Some of the advantages were : -It helps in rapport building with the people in village. - This activity, when done involving the villagers gives accurate information about the village. -It is also useful in getting information about distance. -It also encourages participation of the people in villages. We can also measure benefits of resources on basis of resource mapping. -We also get help in developmental planning, and developing infrastructure facilities also. He then told the students the limitations that can be observed, some of them are : -It may cause conflict sometimes. Another limitation is that it can be miscommunicated. .

Maping is done by the villagers. He also told the words like Antyodaya and Sarvodaya in which the word Antyodaya means the development/growth of the last person in the group or community and the word Sarvodaya means the development/ growth of whole group or community, which resembles equity and equality.

Later we were taken to the SKY Center of the village and Mr. Babubhai informed us about PRA techniques. Then we met students of SKY center and they told us about their activities. They were selected on the basis of election and according to their skills and activities like sports, dancing, drama, summer camps ,etc. Children from the sky center shared their experience with the students because it was the first time when they were addressing a large audience so the students from the social work department also encouraged children and asked them questions so they could speak and also it would help them to build their confidence. Then we were divided into 7 groups and assigned us a task to do mapping and explain each PRA techniques given to each group. Each group explained a technique given to them. The seven techniques were social mapping and resource mapping, daily work, time line, seasonal cycle, matrix and ranking, pie chart, Venn diagram, wealth ranking, linkage diagram and transact. With help of presentations, call the students got a clear idea about PRA techniques. He discussed all the techniques with the help of practical aspect so that students can understand it in a more better way. With the help of the presentations, Mr.Babubhai tried to make us understand the importance of doing presentation about our topics. After presentation of each groups he explained us dos and don't in the village during rural camp or rural field work.

At the end Manish, student of MSW HR and our professor Ms. Sadhna Adhikari thanked both of the speakers for giving us extraordinary knowledge about PRA techniques.

Learnings:

- Students got a chance to get knowledge about the PRA and PRA techniques like social mapping, seasonal cycle, pie chart, matrix and ranking, etc.
- Enhanced student’s knowledge about doing presentation
- Students got an idea about how they can build rapport with the community people
- This session of PRA will help all the students for the fieldwork and the rural camp as well as it would be helpful in future, too.

Subject : Jointly organizing a workshop on the 'Utilization of certain sophisticated instruments' for the students of our college.

Dear Sir,

As per our telephonic talk and discussion in person, we would like to organize a Workshop for the students of our college on the "Utilization of certain sophisticated instruments" on Wednesday, 27th February 2019, with an aim to make them aware about the various sophisticated instruments and their working as well as their applications and the principles of measurements involved therein. We are planning to organize this workshop in joint auspices of NVPAS, SICART & C. C. Patel Community Science Centre, Sardar Patel University, Vallabh Vidyanagar. Around 50 students of our college would be participating in the workshop. The workshop will contain technical sessions and lab visits to the various world class facilities available on the campus at SICART. We would like to expose the students about the various instrumentation facilities at SICART like TEM, XRD, HPLC, HPTLC, GC, etc. Please find herewith enclosed the programme of the workshop for your perusal.

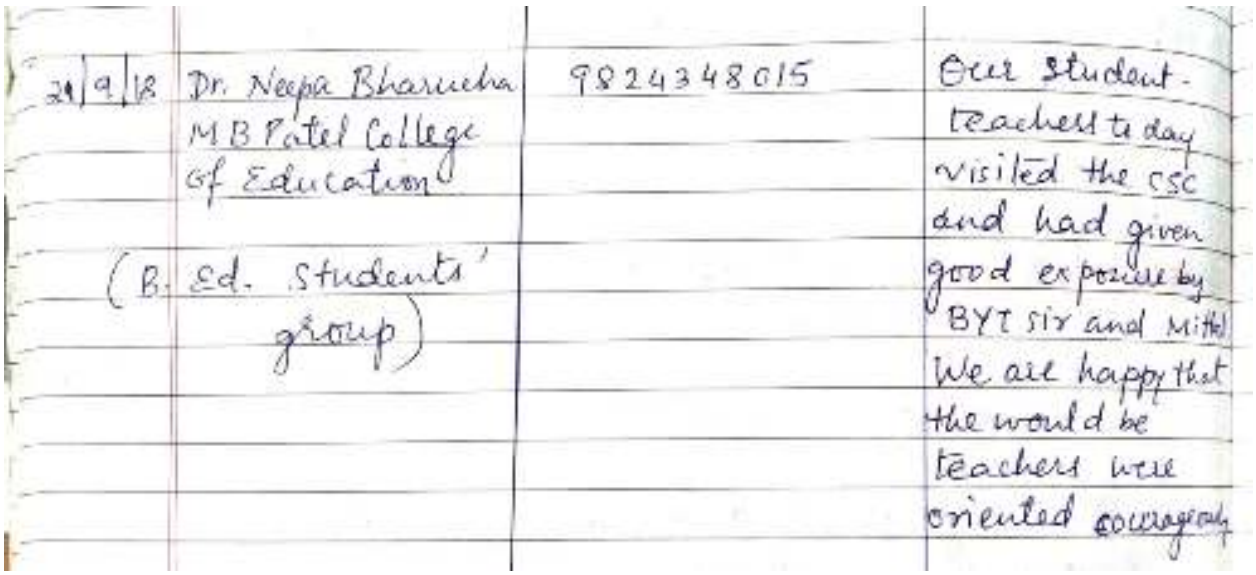

So I would like to solicit your support for this activity. Thanking you in anticipation and looking forward to meeting you.

Yours sincerely,

(Dr. N. J. Trivedi)

Extension Activities by Students

Extension activities have always been an integral part of our department and in the course of Master of Social Work. Extension activities provide a link between our university and community. Community is the laboratory where our students do their field work/practical so that they learn the process they study in their theory in class rooms. Even for MSW HR students, these extension activities give broad understanding about the grassroot level from where most of the labour forces are coming.

Selection of villages and agencies is one of the important process undertaken by department faculties where 2 faculties completely are given responsibilities to select the agencies and village where students can get maximum learning and implement the theory. As students are from Vadodara and Anand district, agencies from these both districts were contacted.

Total 28 Agencies and 7 villages were selected for the field placement.

- Nivedita Foundation, Anand
- Tribhuvan Das Foundation, Anand
- Samaj Suraksha Sankul, Vadodara
- One Stop Crisis Centre, Anand
- Maitry, Anand

7 Villages of Petlad and Anand District were selected

- Ardi
- Sanjaya
- Morad
- Ravipura
- Porda
- Ajarpura
- Jol

During field work of students, number of activities are been carried on different themes as initiated by students and guided by supervisors. Most vulnerable target groups were served through these extension activities like children, adolescent girls, women, Special children and Youth. The main themes focused were; Child Rights, Education, Leadership Development, Disability, Menstrual Hygiene, Good Touch & Bad Touch, Women Empowerment, Self Defence for Women, Stress Management, Health, Sanitation, Sports, Environment, De-Addiction, Organic Farming etc.

Some of the major activities are as below:

1. **Theme-based survey in the villages**

In the month of March Junior MSW and MSW HR students have successfully completed their field placement in rural setting. During field placement they undertook many awareness and development related activities in the villages where they had been placed. This time the students were asked to do theme-based survey in the villages in the groups. Domestic violence, Menstrual Hygiene and Education were the topics given to the students. These small studies help students to inculcate a culture of research among them. With the objective to facilitate them develop this skill, department organised a research paper - poster competition namely "DSW Anveshek". Mr. Rahul Arya and Ms. Anjali from ABCDE, Foundation, Anand were invited as judges in the event. Total 17 poster presentations were done by the students' groups.

Ayushman Bharat Card Awareness Camp & Menstruation Hygiene Awareness at CHC.

To create awareness on the Ayushman Bharat scheme and the kinds of diseases are covered in this scheme. To create awareness regarding menstruation Hygiene. Session on Ayushman Bharat card & menstruation hygiene conducted at CHC – community health center by MSW and MSW (HR) students with the permission of CHC head doctor. PM-JAY Pradhan mantri jan Arogyayojna is a scheme that aims to help economically vulnerable Indians who are in need of health care facilities. Students informed about the scheme to the villagers and told them about the whole scheme. PMJAY's aim to help rural/urban sector avoid debt traps and avail services by providing yearly assistance of up to Rs. 5 lakh per family in case of emergency. After that discussion students conduct a session regarding the hygiene should be taken during menstruation. So firstly, students asked the

ladies whether they used pads/cotton cloths during periods. After that students told them about hygiene to be taken during menstrual cycle.

3. **PRA (Participatory Rural Appraisal).**

Participatory rural appraisal is an approach aims to incorporate the knowledge and opinions of rural people in the planning and management of development projects and program PRA helps us to understand more about the village with the help of villagers, because it has been done by villagers it is said to be participatory.

Students mobilised community people and prepared a mapping of villages with resources available in the villages. These are the entry point activities for students to understand the village.

4. **Session on Safe and Unsafe Touch**

Session on good touch and bad touch for girls at primary schools were conducted by the students of MSW and MSW(HR) of department of social work to bring awareness among them. The sessions were arranged in schools, so previously students had to take permission of principal of school and asked for help in all the arrangements. Mostly school staffs provided projector room so the students could show videos as well. The used to start session with introduction and then screening documentary named “KOMAL” which was animated documentary truly based on good touch and bad touch for little girls. After the completion of video screen, students ask some questions based on video to the girls and they answered them accordingly. Students make them understand about the differences between good touch and bad touch, when it feels Good and pleasant It is way to show love and care for eg: when mommy and Papa hugs or grandparents kiss for showing love and care or to hold hands of their friends while playing games are good touch. And touch which made you feel uncomfortable unpleasant and they

want to stop there for e.g.: touching private body parts and tells them not to tell anyone are consider under bad touch.

After Explaining all these our job was not done yet, alerting children is not enough they taught them what to do if they ever face a situation like.

5. **Organic farming and reduce the usage of Pesticides in the farm**

With objective to create awareness on organic farming and explain them about the side effects of using pesticides, students of DSW organised one day orientation program on organic farming. They informed the farmers referring to organic farming as a technique which involves cultivation of plants and rearing of animals in natural ways. This process involves the use of Biological materials avoiding Synthetic substances to maintain soil fertility and ecological balance and thereby minimizing pollution and wastage.

6. **Awareness Program on Government Schemes**

Students invited taluka panchayat officer to give information on government schemes for villagers. He discussed about pension scheme, Pradhan mantri Aawas Yojna, Pandit Dindayal Aawas Yojna, Ambedkar Aawas Yojna and Indira Aawas Yojna. He told if anyone wants to avail benefits of the schemes then he/she has to visit the "Jan Seva Kalyan Office" at Nagar Palika with required documents.

Days celebration days in the field

Students organises programs to celebrate many days to create awareness amongst the community. This year students celebrated World Cancer Day. People were informed about the cancer disease its causes and consequences. For organising the program, they coordinated with different stakeholder which can teach them networking skill. (Detailed report has been mentioned in day celebration item)

Extension Activity Report

2019-20

The extension activities were conducted at Bakrol and Vallabh Vidyanagar of Anand district in January, 2020 as a part of practical Community Development-II (PH02CGEN29). Two teachers (Dr. Namrita Kola and Dr. Viraj Roghelia) and ten students of M.Sc. II semester General Home Science were actively involved in planning and execution of these activities.

The first activity was role play on “Vyasan mukti” which was performed at Slums of Hari Om Nagar, Vallabh Vidyanagar and Rampura Village of Anand district. In this role play, the harmful effects of smoking and alcohol consumption on family were covered. The harmful effects were also shown to the people in the community using flash cards.

The second activity was role play on " Girl's education" which was performed at Slums of Hari Om Nagar, Vallabh Vidyanagar and Rampura Village of Anand district. In this role play, the importance of educating girl child for betterment of family was covered.

Students performing role play on " Girl's education"

The students had also discussed and spread awareness about various government schemes using flash cards to the people at Slums of Hari Om Nagar, Vallabh Vidyanagar and Rampura Village of Anand district.

The students had also showed the method of preparation of bag from waste fabrics as well as from old t shirts, old sarrees, old dupatta. These bags can be used in day to day shopping of vegetables, milk, etc. The main intention of this activity was to avoid the use of plastic bags and to promote use of cloth bags.

Celebrating the World Water Day: March 22

World Water Day is an annual UN observance day that highlights the importance of freshwater. The day is used to advocate for the sustainable management of freshwater resources. The first World Water Day, designated by the United Nations, was commemorated in 1993.

The theme for 2019 is "Leaving no one behind"
and encourages people to consider marginalized groups as these are often overlooked and discriminated against when they try to access safe water.

STRUCTURE OF THE WATER MOLECULE

Water is a tiny bent molecule with the molecular formula H_2O, consisting of two light hydrogen atoms attached to a 16-fold heavier oxygen atom. As seen in the diagram below, on forming the water molecule, the ten electrons pair up into five 'orbitals', one pair closely associated with the oxygen atom in its inner shell, two pairs (lone pairs) associated with the oxygen atom as 'outer' electrons and two pairs forming each of the two identical O-H covalent bonds.

Each water molecule is electrically neutral but polar, where the centre of positive and negative charges lie in different places. Due to the relatively large positive charge from the eight protons in the oxygen atom's nucleus (8+) and the closeness of its electrons, the oxygen atom has a stronger attraction to all the electrons (i.e. is much more electronegative) than the hydrogen atoms with one proton (1+). This results in a charge transfer from the hydrogen atoms towards the oxygen atom and, hence, the polarity of the water molecule, making the oxygen end of the molecule partially negative and the hydrogen end partially positive.

The atoms in the water molecule are arranged with the two HO bonds at an angle of about 105° rather than on directly opposite sides of the oxygen atom. The asymmetrical shape of the molecule arises from a tendency of the four electron pairs in the valence shell of oxygen to arrange themselves symmetrically at the vertices of a tetrahedron around the oxygen nucleus. The two pairs associated with covalent bonds holding the hydrogen atoms are drawn together slightly, resulting in the angle of 105° between these bonds.

Celebrating World Health Day – 7 April, 2019

World Health Day is global health awareness day celebrated by the World Health Organization (WHO).

सर्वे भवन्तु सुखिनः
सर्वे सन्तु निरामयाः,
सर्वं भद्राणि पश्यन्तु
मा कश्चिद् दुःख भाग्भवेत्।
ॐ शांतिः शांतिः शांतिः

Theme for the World Health Day: 2019 is -
"Universal health coverage: everyone, everywhere"

Universal health coverage ensures that everyone can obtain the care they need, when they need it, right in the heart of the community. Progress is being made in countries in all regions of the world. But millions of people still have no access at all to health care. Millions more are forced to choose between health care and other daily expenses such as food, clothing and even a home.

Health for all – everyone, everywhere

Primary health care is a whole-of-society approach to health and wellbeing centred on the needs and preferences of individuals, families and communities. To make health for all a reality, governments need to invest in quality, accessible primary health care. Health workers need to care and advocate for patients and educate them on how to get and stay healthy. Individuals and communities need to be empowered to take care of their own health.

Health is a human right; it's time for health for all. Together, we can make health for all a reality.

A health system with strong primary health care delivers better health outcomes, is cost-efficient and improves quality of care.

Celebrating International Mother Earth Day – 22 April, 2019

Mother Earth is a common expression for the planet earth in a number of countries and regions, which reflects the interdependence that exists among human beings, other living species and the planet we all inhabit.

The Earth and its ecosystems are our home. In order to achieve a just balance among the economic, social, and environmental needs of present and future generations, it is necessary to promote harmony with nature and the Earth. International Mother Earth Day is celebrated to remind each of us that the Earth and its ecosystems provide us with life and sustenance.

"Today on Earth Day, we bow in reverence to Mother Earth. For years, this great planet has been home to phenomenal diversity. Today we also reiterate our commitment to work towards the well-being of our planet, focus on sustainable development and mitigating climate change."

Prime Minister Narendra Modi
22 April, 2019

This Day also recognizes a collective responsibility, as called for in the 1992 Rio Declaration, to promote harmony with nature and the Earth to achieve a just balance among the economic, social and environmental needs of present and future generations of humanity.

International Mother Earth Day provides an opportunity to raise public awareness around the world to the challenges regarding the well-being of the planet and all the life it supports.
Mother Earth: Education and Climate Change

Climate change is one of the largest threats to sustainable development globally and is just one of many imbalances caused by the unsustainable actions of humankind, with direct implications for future generations.

The United Nations Framework Convention on Climate Change and the Paris Agreement encourage international cooperation among parties on climate change education, training, public awareness, public participation and public access to information.

During the commemoration of 10th anniversary of International Mother Earth Day, the Ninth Interactive Dialogue of the General Assembly on Harmony with Nature will be held on 22 April 2019 in the Trusteeship Council Chamber. The Interactive Dialogue is to discuss the contributions of Harmony with Nature in ensuring inclusive, equitable and quality education on taking urgent action to combat climate change and its impacts and to inspire citizens and societies to reconsider how they interact with the natural world in the context of sustainable development, poverty eradication and climate justice, so as to ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in Harmony with Nature.

Student Volunteers, CCP CSC
Post Graduate Dept. of Electronics, SPU

Vikram Ambalal Sarabhai (12 August 1919 – 30 December 1971) was an Indian scientist and innovator widely regarded as **the father of India's space programme**. Sarabhai received the Shanti Swarup Bhatnagar Medal in 1962. The nation honoured him by awarding Padma Bhushan in 1966 and Padma Vibhushan. in 1972.

Son of Ambalal Sarabhai, he came from the famous Sarabhai family of India who were major industrialists committed to the Indian independence movement. Vikram Sarabhai was among the few scientists who devoted their entire life to the progress of science in our country. Sarabhai started a project for the fabrication and launch of an Indian satellite. As a result, the **first Indian satellite, Aryabhata**, was put in orbit in 1975 from a Russian cosmodrome.

He started his work on cosmic rays and built the necessary equipment with which he took measurements. In 1947 he was awarded the Ph. D. degree at Cambridge. The physical Research Laboratory (PRL) was established in November 1947 in a few rooms in M.G. Science Institute of the Ahmedabad Education Society, which was founded by his parents. Subsequently, it got support from the Council of Scientific and Industrial Research (CSIR) and the Department of Atomic Energy.

His interest in solar Physics and cosmic rays led him to set up many observation stations around the country. Vikram Sarabhai established centres for scientific research in several places of India. He was instrumental in establishing the physical Research Laboratory (PRL) in Ahmedabad. In this, he formed the 'Group for the Improvement of 'Science Education', in 1963. In the same year, he established the Nehru Foundation for Development, for the study of social and education problems. In 1966, under its auspices, he established the **Community Science Centre**, whose object was to spread scientific knowledge, to create interest in science and to promote experimentation among students, teachers and the general public. It is now known as Vikram Sarabhai Community Science Centre.

To train efficient managers of factories, he started the Indian Institute of Management (IIM) at Ahmedabad. Of all the institutions, he established the most important were the 'Indian Space Research Organization' with Centers at Thumba, Ahmedabad, Shriharikota and Arvi. He established Rocket Launching Stations at Thumba and Shrihatikota. Along with his work on the science front, he took utmost interest and managed family business of Textiles and Pharmaceuticals. He was also responsible for the Equatorial Rocket Building Station at Thumba. Sarabhai set up the Ahmedabad Textile Industries Research Association, a laboratory for research in physics and the Indian Institute of Management. Sarabhai was the second chairman of India's Atomic Energy Commission and the Indian Space Research Organization (ISRO). Sarabhai's study of cosmic rays

Celebrating World Telecommunication and Information Society Day: 17th May, 2019
विश्व दूरसंचार और सूचना सोसायटी दिवस

World Telecommunication and Information Society Day is observed every year on **17th May** to raise the awareness about the importance of communication and how information travels across the world.
Therefore, this day is dedicated to the evolution of communication.
To build people centred, inclusive and development-oriented information society, based on the fundamental human rights was the vision of the World Summit on Information Society.
It also highlights how crucial are communication in our lives and stimulate the development of technologies in the field.

Do you know what is Telecommunication?
A communication which is done over a distance by cable, telegraph or broadcasting is known as telecommunication. In other words we can say that it is the transmission of signals, messages, words, writings, images and sounds or any kind of information. Without technology the exchange of information between communication participants is not possible.
Do you know that Communication is derived from the Latin word *communis* (*n.* common) and *communicare* (*v.* to make something common) which is considered as the social process of information exchange? As, various technologies are involved in communication so, telecommunications is used in the plural form.

What is the purpose of celebrating World Telecommunication and Information Society Day (WTISD)?
The main purpose of celebrating World Telecommunication and Information Society Day is to help in raising awareness in generating possibilities of using internet, other information and communication technologies (ICT), bring them to societies and economies and create a way to bridge the digital divide.
We can't ignore the fact that modernization through the use of telephones, radio and computers has brought people closer. For the development in any field, it is important that information should travel around the globe. Therefore, The World Telecommunication and Information Society Day is dedicated to the evolution of communication and how information travels across the world.

This year, we celebrate the 50th anniversary of World Telecommunication and Information Society Day. **World Telecommunication Day (WTD)** has been celebrated annually on 17 May since 1969. The date marks the anniversary of the founding of ITU on 17 May 1865, when the first International Telegraph Convention was signed in Paris. In 1973, the event was formally instituted at the ITU Plenipotentiary Conference in Malaga-Torremolinos, Spain. Every year a topical theme is chosen and events celebrating that theme take place around the world.
With the growth in importance of information technology alongside telecommunications – especially the Internet – it was recognised that the topic also needed to be brought to public attention. In 2005, the World Summit on the Information Society (WSIS) called upon the United Nations General Assembly to declare 17 May as **World Information Society Day (WISD)**. The aim was to focus on the importance of these technologies and the wide range of related social and economic issues that had

Celebrating World Environment Day: 5th June, 2019 : विश्व पर्यावरण दिवस

Humans are both creatures and moulders of their environment, which gives them physical sustenance and affords them the opportunity for intellectual, moral, social and spiritual growth. In the long and tortuous evolution of the human race on this planet a stage has been reached when, through the rapid acceleration of science and technology, humans have acquired the power to transform their environment in countless ways and on an unprecedented scale.

The United Nations, aware that the protection and improvement of the human environment is a major issue, which affects the well-being of peoples and economic development throughout the world, designated 5 June as World Environment Day. The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises and communities in preserving and enhancing the environment.

Message on the World Environment Day Celebration Programme at CCPCSC, SPU, VVN

World Environment Day marked the first day in 1972, when Environment was included as a conscious part of development agenda in a U.N. meeting. Our Prime Minister Indira Gandhi was a keynote speaker. It was the first U.N. conference held in response to peoples' demand in Stockholm.
We should renew our commitment to make environmental actions and consciousness as a definitive part of our life style. In actual terms it means WASTING NOTHING and making MAXIMUM USE OF LOCAL RESOURCES.

Dr. C. L.Gupta
Eminent Solar Scientist,
SAICE, Sri Aurobindo Ashram, Pondicherry
represented India @UN 1972 Stockholm Conf.

The theme for 2019, "Beat Air Pollution," is a call to action call to combat this global crisis. Chosen by this year's host, China, this year's topic invites us all to consider how we can change our everyday lives to reduce the amount of air pollution we produce, and thwart its contribution to global warming and its effects on our health.

What Causes Air Pollution?

Understanding the different types of pollution, and how it affects our health and environment will help us take steps towards improving the air around us. Often you can't even see it, but air pollution is everywhere. We can't stop breathing, but we can do something about the quality of our air.

Nine out of ten people worldwide are exposed to levels of air pollutants that exceed safe levels set by the World Health Organization. There is little doubt - we are faced with an urgent task.

દિવ્ય ભાસ્કર

ભાસ્કર વિશેષ | 5 માણસા કુંટુબને વર્ષે 8 હજાર લીટરપાણી પીવામાં જોઇએ : જળ સંચય સેમિનાર

1 ઓરડીમાં વર્ષે 16 હજાર લીટર વરસાદી પાણી સંગ્રહ થશે

ભાસ્કર ન્યૂઝ | આણંદ

સરદાર પટેલ યુનિવર્સિટી દ્વારા બીવીએમ એન્જીનિયરીંગ કોલેજમાં વોલેન્ટરીયર કન્ઝર્વેશનસીના સહયોગથી વોટર કન્ઝર્વેશનઃસોશિયલોજીકલ એન્ડ ટેકનોલોજીકલ એસ્પેક્ટ વિષય પર સેમિનાર યોજાયો હતો.જેમાં વી.એન સી ના મેનેજીંગ ટ્રસ્ટી ધવલભાઈ પટેલે જણાવ્યું હતું કે, એક 10 x15ની ઓરડીમાં ચોમાસા દરમિયાન 25 ઈંચ વરસાદ થાય તો છાપરાનું પાણી ભૂગર્ભ ટાંકામાં ઉતારીને વર્ષે 16 હજાર લીટર પાણી ઓછા ખર્ચે સંગ્રહ કરી શકાયા છે.વર્ષે 5 માણસાના કુંટુબને પીવા અનેરસોઈ માટે 8 હજાર લીટર પાણી જોઈએ છે.આ રીતે સરળતા મેળવી શકાય છે.

બીવીએમ એન્જીનિયરીંગ કોલેજમાં જળ સંચય સેમિનારનું આયોજન કરાયું.

આ સેમિનારના ઉદ્ઘાટન સમારંભમાં સી.સી.પટેલ લોક વિજ્ઞાન કેન્દ્રના માનદ નિયામક ડો.વિભા વૈષ્ણવે આવકાર કરતા જણાવ્યું હતું કે પાણીના પ્રશ્ને ભય અને ચિંતાને બદલે ભારતીય સંસ્કૃતિના ઉદેશ્ય પ્રમાણે પાણીની પંચ મહાભૂતના એક ભાગ તરીકે જાળવણી થવી જોઈએ. બીવીએમ એન્જીનીયરીંગ કોલેજના આચાર્ય ડો. ઈન્દ્રજીતભાઈ પટેલે સેમિનારને કોલેજના સિવિલ એન્જીનીયરીંગ વિભાગનો સહયોગ અપાવ્યો હતો. સ.પ.યુનિવર્સિટીના કાર્યકારી રજીસ્ટ્રાર તુષારભાઈ મજમુદાર આ પ્રસંગે હાજર રહ્યા હતા. સેમિનારમાં પ્લેનરી સેશનમાં વક્તા તરીકે સેન્ટ્રલ ગ્રાઉન્ડ વોટર બોર્ડના આર.સી.જૈન અને વરસાદી પાણીના સંગ્રહ માટે આણંદના જાણીતા તજજ્ઞ ડો.કે. સી.દલાલે સેવા આપી હતી.

વી.એન સી ના મેનેજીંગ ટ્રસ્ટી ધવલભાઈ પટેલે પાણીના પ્રશ્નની જટીલતા દર્શાવી જણાવ્યું હતું કે પાંચ માણસના કુટુંબમાં વર્ષે પીવા,રાંધવા માટે 8હજાર લિટર પાણીની જરૂર પડતી હોય છે.જે વરસાદી પાણીના સંગ્રહથી આસાનીથી પુરી પડી શકે છે.સેમિનારમાં 300 વિદ્યાર્થીઓ, અધ્યાપકોએ ભાગ લીધો હતો અને કુલ 23 પેપર રજુ થયાં હતાં.

Celebrating World Pharmacist Day: 25th September, 2019 : विश्व फार्मासिस्ट दिवस

On September 25, 2019 Millions of pharmacist celebrate world pharmacist day.

Theme: Safe and Effective Medicine for all.

Aim is to promote pharmacist crucial role in safeguarding patient safety through improving medicines use and reducing medication error.

For safe and effective medicine point of view patient can report the adverse event which observe after taking the drug and this report is useful for pharmacist, that patient is suffering with some health issue. So, patient awareness is most important.

Nowadays so many drugs are banned because of severe side-effects. For Example, Ranitidine the most popular acidity drug widely available as Rantac, Aciloc, Zinetac, Histac etc has been found to carcinogenic (Cancer causing). Other example is Nimesulide is banned due to sever Liver Damage.

Safety purpose

Six rights we can follow:

1) Right Time
2) Right Route
3) Right Dose
4) Right Documentation
5) Right Person
6) Right Medication

Drug Effectiveness and Safety

The main goals of drug development are effectiveness and safety. Because all drugs can harm as well as help, safety is relative. The difference between the usual effective dose and the dose that causes severe or life-threatening side effects is called the margin of safety. A wide margin of safety is desirable, but when treating a dangerous condition or when there are no other options, a narrow margin of safety often must be accepted. If a drug's usual effective dose is also toxic, doctors do not use the drug unless the situation is serious and there is no safer alternative.

Celebrating Diwali: Green Firecrackers: ગ્રીન ફટાકડા : October 2019

Green Crackers: Meaning, Composition and Facts

Firecrackers are enjoyed by most of the children in the Diwali festival. And every time it is seen that due to crackers air pollution increases and affects health. CSIR came up with the solution and developed green crackers which are better than previous sound-emitting crackers and other fireworks. Let us read more about green crackers, how they will help in combating air pollution, composition of green crackers, etc.

What are Green Crackers?

The green crackers developed by the Indian Council of Scientific and Industrial Research (CSIR) include flower pots, pencils, sparkles, and chakkar. No doubt that green crackers are environment-friendly and are developed to reduce air pollution that causes health hazards.

Air pollution is one of the most serious environmental problems confronting our civilisation today. Mainly, it is caused by human activities like mining, construction, transportation, industry, etc. Also, some natural phenomena are also responsible like volcanic eruptions, wildfires etc. But their occurrence is rare and mostly it causes a local effect. Firecrackers on Diwali are some or the other way responsible for air pollution. So, to minimise air pollution green crackers are developed.

What are fireworks?

Fireworks is a device which contains gunpowder and other combustible chemicals which causes striking effects and when ignited they explode. Basically, used in celebrations, festivals etc.

Now, let us study about Green Crackers..

Green crackers do not contain harmful chemicals and reduce air pollution. They are eco-friendly. That is green crackers are less harmful as compared to conventional firecrackers and reduce air pollution.

In green crackers the commonly used polluting chemicals like aluminium, barium, potassium nitrate and carbon have either been removed or sharply reduced to slow down the emissions by 15 to 30%.

Do you know that the idea of generating green firecrackers is of CSIR labs and is proposed by the Union Science and Technology Minister Dr. Harsh Vardhan?

Note: These green crackers have been developed by the National Environmental and Engineering Research Institute (NEERI), a CSIR lab.

At the first phase of producing green crackers focus was on reducing pollutants and then further strategies will cover to remove pollutants from the compositions.The team have came up with 3-4 formulations and looked at 30-40% of active materials which reduce particulate matter. Also, CSIR-CECRI has developed eco-friendly flower pots that can reduce particulate matter by 40%. CSIR-NEERI is testing the efficacy of crackers known as Bijli crackers. They have eliminated the use of ash as desiccants. They have developed potential sound-emitting functional prototypes that do not emit sulphur dioxide. All these are in testing stage. The crackers have been named as Safe Water Releaser (SWAS), Safe Thermite Cracker (STAR) and Safe Minimal Aluminium (SAFAL). The particulate matter will be reduced by 30-35 per cent in SWAS and 35 to 40 per cent in SAFAL and STAR.

હાડગુડ શાળામાં ગણિત દિવસની ઉજવણી

આણંદ, તા. ૨૦

ગણિતજ્ઞ ડૉ. રામાનુજનની જન્મ જયંતીની ગણિત દિવસ તરીકે ઉજવણી કરવામાં આવે છે. વિદ્યાર્થીઓને વિવિધ પ્રવૃત્તિઓ દ્વારા ગણિત વિષયને પોતાનો પ્રિય વિષય બનાવે છે તે માટેના પ્રયત્નો કરવામાં આવે છે. પે.સેન્ટર શાળા હાડગુડમાં કોમ્યુનિટી સાયન્સ સેન્ટર વિદ્યાનગર દ્વારા રામાનુજન જન્મ જયંતી-ગણિત દિવસની ઉજવણી કરવામાં આવી હતી.

પ્રાર્થના સંમેલનમાં ગીતાબેન વાઘેલા દ્વારા ડૉ.રામાનુજનનો પરિચય અને ગણિત વિષયનું મહત્વ સમજાવ્યું હતું. કોમ્યુનિટી સાયન્સ સેન્ટરના મિત્તલબેન પટેલે ગણિત દિવસ વિશે વિસ્તૃત માહિતી આપી હતી. તજજ્ઞ રાજુભાઈ એ વિદ્યાર્થીઓને વિજ્ઞાન-ગણિત વિષયના અનુસંધાને પ્રવચન આપીને માહિતગાર કર્યા હતા. શાળા દ્વારા પધારેલ મહાનુભાવોનું ફૂલ-પુસ્તકથી કિરીટભાઈ ઝાલાએ સ્વાગત કર્યું હતું. શાળાના આચાર્ય અને ગણિત વિજ્ઞાન મંડળના શિક્ષકોએ કાર્યક્રમને સફળ બનાવ્યો હતો.

Investing in science Investing in the future!

Welcome to the New Millennium : January 2020

Hon'ble Prime Minister's Address at the 107th Indian Science Congress : 2020

Friends,

First and foremost I wish you all a happy 2020. May this year be marked by prosperity in your lives and productivity in your labs. I am particularly happy that one of my first programmes in the start of a new-year and new decade is linked to science, technology and innovation.

This programme is happening in Bengaluru, a city linked with science and innovation. The last time I had come to Bengaluru was when the eyes of the nation were set on Chandrayan-2. That time, the manner in which our nation celebrated science, our space programme and the strengths of our scientists will always be a part of my memory.

Friends, Bengaluru, the city of gardens is now a wonderful field for start ups. The world is coming to innovate here. रिसर्च एंड डवलपमेंट का एक ऐसा इकोसिस्टम इस शहर ने विकसित किया है, जिससे जुड़ना हर युवा साइंटिस्ट, हर Innovator, हर इंजीनियर का सपना होता है। लेकिन इस सपने का आधार क्या सिर्फ अपनी प्रगति है, अपना करियर है? नहीं।ये सपना जुड़ा हुआ है देश के लिए कुछ दिखाने की भावना से, अपनी अचीवमेंट को देश की अचीवमेंट बनाने से।
And Hence, When we start year 2020 with positivity and optimism of science and technology driven development, we take one more step in fulfilling our dream.

Friends,
I have been told that India has climbed to third position globally in the number of peer reviewed science and engineering publications. It is also growing at a rate of about 10% compared to around 4% global average. I am also happy to learn that India's ranking has improved in the Innovation Index to 52. Our programs have created more technology business incubators in the last five years than in the previous 50 years! I congratulate our scientists for these accomplishments.

Friends,
The growth story of India depends on its achievements in the Science & Technology sector. There is a need to revolutionise the landscape of Indian science, Technology and Innovation. My motto for the young scientists bourgeoning in this country has been -"Innovate, Patent, Produce and Prosper". These four steps will lead our country towards faster development. If we innovate, we will patent and that in turn will make our production smoother and when we take these products to the people of our country, they will prosper. Innovation for the people and by the people is the direction of our 'New India'.

Friends,
न्यू इंडिया को टेक्नॉलॉजी भी चाहिए और लॉजिकल टैंपरामेंट भी, ताकि हमारे सामाजिक और आर्थिक जीवन के विकास को हम नई दिशा दे सकें। मेरा ये हमेशा से मत रहा है कि भारत के समाज को जोड़ने के काम में, अवसरों की समानता लाने में, साइंस और टेक्नॉलॉजी की बड़ी भूमिका है। अब जैसे Information and

Media Coverage of the Yog and Meditation

A Yog and Meditation session was organized by the students of Department of Social Work for the students of Gaokhana Prathmik Shala on 5th April, 2021. Before the session get carried by the physiotherapists, the MSW students gave introduction of the program and informed the participants about benefits of Yog and how it improves strength, balance and flexibility. They have added that American College of Physicians recommends Yog as a first-line treatment for chronic low back pain. The physiotherapists then begun with Yog asanas and Suryanamaskaar and also told about benefits of the same.

3. Awareness On Female Hygiene And Sanitary Pad Distribution

On 9th April, 2021 the students arranged a session on hygiene for women of Vankar fadiyu of Chapad village that followed by pad distribution. The students informed the participants to use clean and properly sanitized clothes during periods if they do not wish to use sanitary pads. As financial problem also plays it roles in using the sanitary pads students have distributed sanitary pads among the participants. The students informed them that the plastic content and chemicals in conventional sanitary pads shouldn't come as a surprise as the surface is visibly perforated and the packaging often mentions a cottony feel (and not cotton). These perforations also make them bumpy which give rise complaints of chafing, irritation, and rashes. And instructed them to change the pad at least 3 times a day and if they use clothes, it has to be changed at least 4 times a day then depending on the flow. Students informed them to use Jan Aushadhi sanitary pad which is very cheaper at price and same like normal sanitary pad.

MSW students also shared importance of maintaining hygiene during periods. They shared that cleanliness of genital area and access to safe menstrual hygiene products can reduce the incidents of infection up to 97%. The proper use of sanitary napkins for periods is important to reduce risks associated with periods. Changing sanitary napkins every 4 hours and washing hands every time sanitary napkin is changed, are small but significant steps towards ensuring good hygiene during periods. Without the discomfort and pain associated with infections, women can enjoy stress-free periods.

An Awareness Generation Program on Child Marriage Prohibition Act

Date: 9th April, 2021

Target population: Village locality

Objective: To aware the localities on Child Marriage Prohibition Act

Activity Conducted:

On April 9, 2021, the students conducted a child marriage prohibition act awareness in Ravipura village. In that program, villagers came to attend the program along with their children. They discussed with them the harmful effects of child marriage. Child marriage is associated with several health risks for the young mother, as early marriage may cause complications in pregnancies at a tender age when the body is not fully prepared for child bearing. They talked about girl's age 15-19 are more likely to experience delivery complications compared to 21-29 year old women. Risks of HIV infection are higher among young girls as their negotiation skills and experience to ensure a healthy sexual life are less developed. Moreover, they discussed with them early maternal deaths and infant health. Through this program, they tried to aware people about pregnancy related deaths are most common in 15 and 18 years of age. Infants born to mothers under the age of 18 are 60 % are more likely to die in their first year than to mothers over the age of 19. If the children survive, they are more likely to suffer from low birth weight, malnutrition and many physical complications. They discussed with them about the Government laws of child marriage. They observed that, in Ravipura village, parents used to send their girls to their husband's house only after attaining puberty. In economically poor families, the parents used to perform marriages to their under aged girls even with much elderly men. Even, some families used to perform child marriages with a fear that the children may deviate off the track after reaching teenage. Child marriage truncates girl's childhood, stops their education and impacts their health and the health of their infants. We make them aware the importance of education. Education not only delays marriage, pregnancy, child bearing, but school-based sex education can be effective in changing awareness, attitudes, and practices leading to risky sexual behavior in marriage.

Activity-7

An Awareness Generation Programme on the Importance of Education

Date: 31st March, 2021
Target population: Primary School Attendees
Objectives: To aware the villagers on the significance of Education

Activity Conducted:

Students of Masters of social work and MSW (HR) of Sardar Patel University, they conducted an education awareness program in Ravipura Primary School. In that program eleven students have participated. The students conducted sessions about the education system of India. They discussed how they get prepare for the competitive board exams. They explained about the opportunities that arise after post education such as they can apply for government jobs. They help them understand about the various jobs they can do after completing education. Moreover, they talked with them about their activities, mental health and about their exams. Because, many students are unable to accept failure, as they think this is the ultimate test of their competence and they maybe in a fragile stage of mind, after the preparation and writing exams. They asked the students what they do when they failed in the exam and gave advice not to give up in life in any situations. They motivated them they need not stress over their bad result and keep in mind that there is always a way to reverse the same. They suggested them that they should analyze the situation and prepare themselves effectively so that it does not happen again and they may get better results in future. They focused on the importance of education such as education teaches us lessons of humanity, education comprises good thoughts in human being, education gives us employment and identity and so on. Moreover, they focused on that education increases self -confidence and assists in developing the personality of a person. So, they aware that they should focus on education for their better way of living.

Journey 4 Peace

આત્મશક્તિ અને આંતરિક શાંતિ માટે પ્રતિજ્ઞા

હું માનું છું કે શાંતિ વિશ્વનો આધાર છે, માનવ જીવનને સાર્થક સુખી સમૃદ્ધ બનાવવા માટે અને જીવનનો આનંદ માણવા માટે આવશ્યક છે. મારા તથા સૌના જીવનની સુખાકારી માટે હું સંકલ્પ લઉં છું કે નીચે જણાવેલ વ્યવહારમાંથી (✓) કરેલાને જીવનમાં અપનાવીશ.

1 સૌની સાથે વ્યવહારમાં આવતાં મધુર વાણી રાખીશ ☐

2 ભોજન કરતી વખતે મૌન રાખીશ ☐

3 દિવસમાં ૧૫ મિનિટ મૌનમાં રહી વિશ્વશાન્તિ માટે પ્રાર્થના કરીશ ☐

4 બાળકો સાથે મૈત્રીભાવ રાખીશ ☐

5 અન્યની વાતો શાંતિથી સાંભળીને જવાબ આપીશ ☐

6 દરેક કાર્ય એના સમયે કરીને વાતાવરણ સહજ રાખીશ ☐

7 રીસ, ચીડાવું અને આત્મગ્લાનીના વિચારોને ત્યજીશ ☐

ઉપર જે નંબરની પ્રતિજ્ઞામાં ટીક કરો
તે ટીક નીચેના નંબરમાં પણ કરશો.

महान विज्ञान (इंसान और विज्ञान)

एडिसन ने रोशनी दी ,
जिंदगी जगमगाने के लिए,
आईन्स्टीन ने दी रफ्तार ,
उसी ज़िंदगी को भगाने के लिए !

कुछ भी तुम फेंको ऊपर ,आजाएगी वो देखना नीचे ,
जितने भारी होंगे आप ,उतनी मुश्किल से ज़िल पाओगे ,
जितने छोटे होंगे आप ,उतनी मुश्किल से मिल पाओगे !

अंतरिक्ष में करवा दी सैर ,
पृथ्वी से दिखलाया चाँद ,
सारे जग को बसाया यहीं पर ,
मान सको तो लो मान !

बॉयल ने निश्चित कर दिया कि ,
जितना ज्यादा तनाव , उतनी कम जगह होगी ,
जाकर ज़रा देखो ऊपर ,
पानी कम ही समय में उबलेगी !

जीवन की रीत जानी रोबर्ट हुक ने ,
उसी रीत को आगे संभाली ल्यूवेनहॉक ने ,
सबको उनकी जान बतलाई ,
देखो ! आपको आपकी पहचान बतलाई !

सी.वी.रमन ने बूँदा था कि ,काँच से गुज़रे रोशनी तो ,
उसकी भी लंबाई में आ जाती है भेद ,
पहले सांवले भारतीय ने जीती नोबल पुरस्कार ,
किया बाहरी मोरों के दिल में छेद !

न्यूटन ने बचपन में सेब चबाई ,
तो उसी ने रच दी पढ़ाई - लिखाई ,
जितना जोर से बढ़ोगे आगे,
उतने ही जोर से आ जाओगे पीछे !

महान है वे वैज्ञानिक, वे संत श्रीप है महान ,
जिन्होंने दिया ये ज्ञान ,वही विज्ञान है महान ,
वही विज्ञान है महान !

Theme: "Best Quotable Quotes on INDIA by well-known scientists"
"પ્રખર વૈજ્ઞાનિકોના ભારત વિશે ઉત્તમ સુવિચાર"

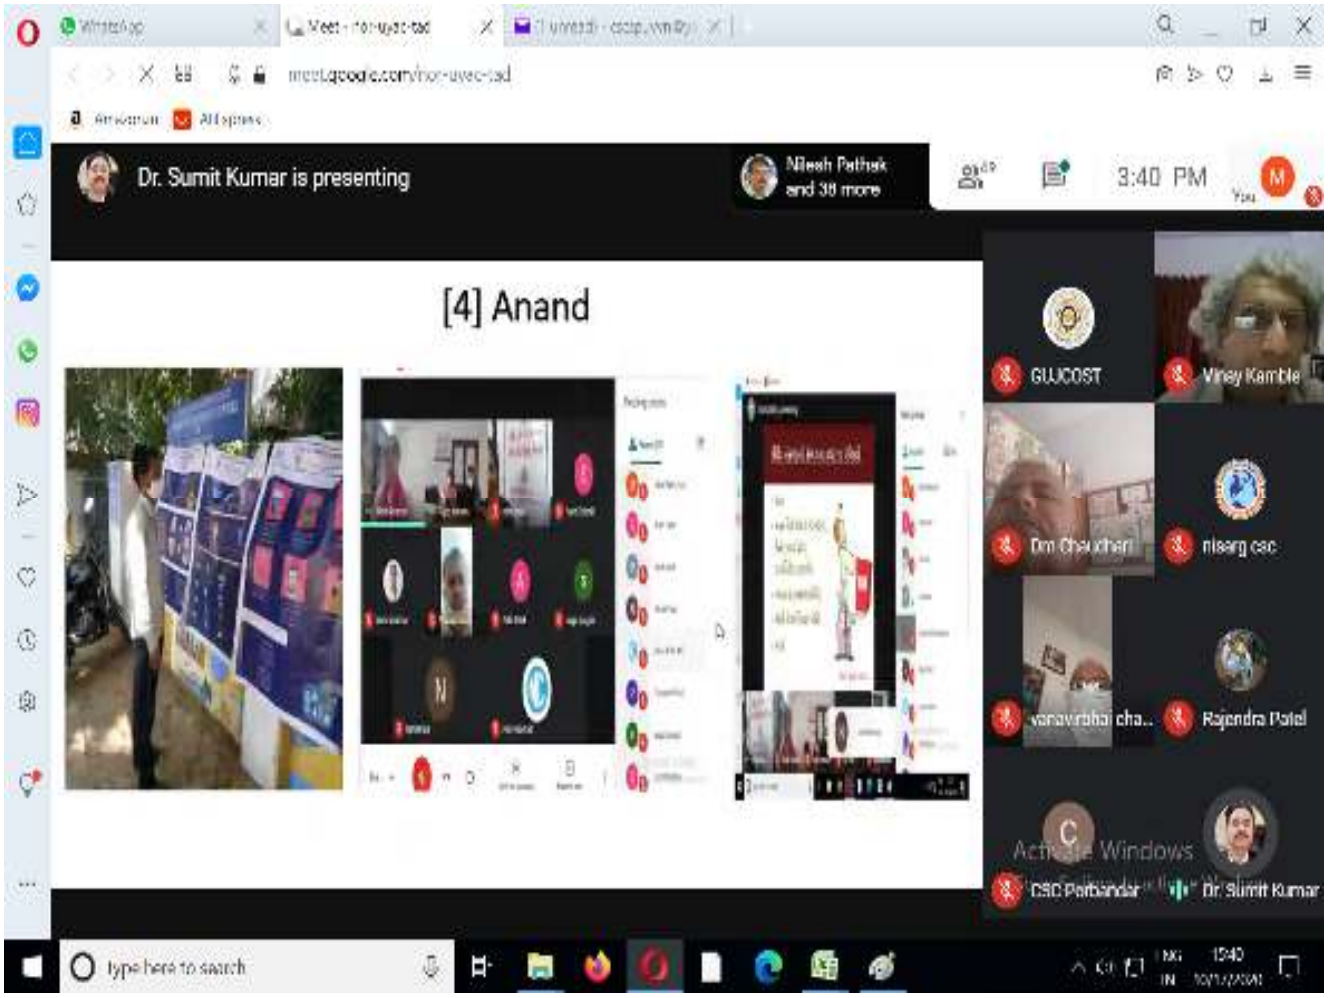

Category 1 : Std. 5 to 8

- We owe a lot to the Indians, who taught us how to count, without which no worthwhile scientific discovery could have been made.
  - Albert Einstein (German-born theoretical physicist)
- Agriculture is the backbone of the livelihood security system of nearly 700 million people in the country and we need to build our food security on the foundation of home grown food.
  - M S Swaminathan (Geneticist)
- The Hindu systems of astronomy are by far the oldest and that from which the Egyptians, Greek, Romans and – even the Jews derived from the Hindus their knowledge.
  - Jean Sylvain Bailly (French astronomer)
- My mental boundaries expanded when I viewed the Earth against a black and uninviting vacuum, yet my country's rich traditions had conditioned me to look beyond man-made boundaries and prejudices. One does not have to undertake a space flight to come by this feeling.
  - Rakesh Sharma (India's First man in Space)
- My dear people of India, this is my privilege to serve motherland. I hope you too involve in the process of nation building"
  - Dr. Vikram Sarabhai (Space Scientist)
- The unity and continuity of Vedanta are reflected in the unity and continuity of wave mechanics"
  - Erwin Schrodinger (Physicists)
- India has to be transformed into a developed nation, a prosperous nation and a healthy nation, with a value system"
  - Dr. APJ Abdul Kalam (Missile Man of India)

International Day for the Preservation of the Ozone Layer Celebration
16th September - 2020

What is Ozone Layer:-

The Earth's atmosphere is composed of several layers. The lowest layer, the troposphere, extends from the Earth's surface up to about 6 miles or 10 kilometers (km) in altitude. Virtually all human activities occur in the troposphere. Mt. Everest, the tallest mountain on the planet, is only about 5.6 miles (9 km) high. The next layer, the stratosphere, continues from 6 miles (10 km) to about 31 miles (50 km). Most commercial airplanes fly in the lower part of the stratosphere.

Most atmospheric ozone is concentrated in a layer in the stratosphere, about 9 to 18 miles (15 to 30 km) above the Earth's surface (see the figure below). Ozone is a molecule that contains three oxygen atoms. At any given time, ozone molecules are constantly formed and destroyed in the stratosphere. The total amount has remained relatively stable during the decades that it has been measured.The ozone layer in the stratosphere absorbs a portion of the radiation from the sun, preventing it from reaching the planet's surface. Most importantly, it absorbs theportion of UV light called UVB. UVB has been linked to many harmful effects, including skin cancers, cataracts,and harm to some crops andmarine life.Scientists have established records spanning several decades that detail normal ozone levels during natural cycles. Ozone concentrations in the atmosphere vary naturally with sunspots, seasons, and latitude. These processes are well understood and predictable. Each natural reduction in ozone levels has been followed by a recovery. Beginning in the 1970s, however, scientific evidence showed that the ozone shield was being depleted well beyond natural processes.

What is Ozone Depletion :-

When chlorine and bromine atoms come into contact with ozone in the stratosphere, they destroy ozone molecules. One chlorine atom can destroy over 100,000 ozone molecules before it is removed from the stratosphere. Ozone can be destroyed more quickly than it is naturally created.Some compounds release chlorine or bromine when they are exposed to intense UV light in the stratosphere. These compounds contribute to ozone depletion, and are called ozone-depleting substances (ODS). ODS that release chlorine include (CFCs), hydrochlorofluorocarbons (HCFCs), carbon tetrachloride, and methyl chloroform.

246) Mr. Jatinkumar Pandya, Scientific Officer, GUJCOST visited our CSC: 22nd November, 2020: 15 people

Mr. Jatinkumar Pandya, Scientific Officer, GUJCOST visited our CSC on Sunday, 22-11-2020 from 2.00 pm to 5.00 pm.The visit was based on a new policy of GUJCOST to send their officials to all CSCs for general evaluation and physical verification. We were informed one day in advance.

The officer, GUJCOST took a round of our Hall of Science and was shown all the new/old science models by our volunteers. He was also shown all the physical facilities including the water harvesting system. He was taken round on all the three the floors. A document depicting the 50 activities organized by C C Patel Community Science Centre in the period of April to November, 2020 was presented to him.

4 student volunteers and Prof. Rajiv Bhatti, Coordinator, CSC Nature and Environment Club were requested to remain present in addition to the CSC staff.

The Officer also verified the documentation records and Accounts maintained at CSC.

The officer was satisfied by the presentation and was happy with the functioning of CSC.

He suggested to launch a dedicated website of CSC, procure more books and subscribe some more popular magazines. He also suggested that CSC should separately highlight the work done for community other than students and teachers so that the work is not undermined.He was pleased to see 5 publications of CSC taken out during April to November, 2020.

કોમ્યુનિટી સાયન્સ સેન્ટરમાં જિલ્લા કક્ષાની બાળવિજ્ઞાન પરિષદ (ઓનલાઈન) યોજવામાં આવશે

આણંદ, તા. ૨૫

આપણા દેશમાં દર વર્ષે જુદા જુદા સ્થળોએ નેશનલ ચિલ્ડ્રન સાયન્સ કોંગ્રેસ યોજવામાં આવે છે. જેના ભાગરૂપે રાજ્યકક્ષાની બાળ વિજ્ઞાન કોંગ્રેસનું આયોજન રાજ્ય સરકારની ગુજકોસ્ટ સંસ્થા દ્વારા કરવામાં આવશે. રાજ્ય કક્ષાના કાર્યક્રમમાં ભાગ લેવા માટે જિલ્લા કક્ષાની ઓનલાઈન બાળ વિજ્ઞાન પરિષદ તા. ૧૯મી ડિસેમ્બર સરદાર પટેલ યુનિવર્સિટી હેઠળના કોમ્યુનિટી સાયન્સ કેન્દ્ર દ્વારા જોડવામાં આવી છે. શાળા કક્ષાએ બાળકો વિજ્ઞાન અને ટેકનોલોજી ભણે છે તે છતાં તેઓમાં જરૂરી વૈજ્ઞાનિક આવડત કેળવાય તે હેતુથી સાયન્સ કોંગ્રેસનું આયોજન કરવામાં આવે છે. બાળકોની વૈજ્ઞાનિક દ્રષ્ટિ ખીલે, પોતાની આસપાસના પર્યાવરણ અને સમાજને અનુલક્ષીને વૈજ્ઞાનિક વિગતો-ડેટા એકત્રિત કરીને તેનું વૈજ્ઞાનિક વિશ્લેષણ કરી બનાવે ટૂંકમાં આ પરિષદના હેતું એક પ્રકારના વૈજ્ઞાનિક સંશોધનો અભિગમ કેળવવાનો છે.

વર્ષે ૨૦૨૦-૨૧ માટે સાયન્સ ફોર સસ્ટેનેબલ લિવિંગ તેના પાંચ પેટા વિભાગ (૧) ટકાઉ જીવન માટે ઇકોસિસ્ટમ (૨) ટકાઉ જીવન માટે પોષ્ય તકનીકી (૩) ટકાઉ જીવન માટે સામાજિક નવીનતા (૪) ટકાઉ જીવન માટે ડિઝાઈન, વિકાસ, મોડેલિંગ અને આયોજન (૫) ટકાઉ જીવન માટે પરંપરાગત નોલેજ સિસ્ટમ (ટીકેએસ).

આ પ્રોજેક્ટમાં ૧૦-૧૭ વર્ષની વયજૂથના બાળકો (જુનિયર, ૧૧-૧૪, સિનિયર ૧૪ થી ૧૭) ભાગ લેવાનો હોય છે. આ કાર્યક્રમ અંગે વિશેષ માહિતી મેળવવા માટે જિલ્લાના લોકવિજ્ઞાન કેન્દ્રનો સંપર્ક કરવા જણાવ્યું છે.

રજીસ્ટ્રેશન કરવાની છેલ્લી તારીખ ૧લી ડિસેમ્બર છે.

દર ગુરૂવારે આણંદથી પ્રસિદ્ધ થતું

સત્ય અને ન્યાય માટે સતત પ્રજાની સાથે

હિન્દુસ્તાન ભૂમિ

HINDUSTAN BHUMI - WEEKLY સાપ્તાહિક

લીંબુવાળા તાલીમ કેન્દ્રમાં મહિલા ગૌરવ દિન ઉજવાયો

આણંદ

જુની પાણીની ટાંકી ૧૦૦ ફુટ રોડ આણંદ સ્થિત હબીબભાઈ લીંબુવાળા તાલીમ કેન્દ્રમાં આંતરરાષ્ટ્રીય મહિલા દિન-ની ઉજવણી મહિલા ગૌરવ દિન રુપે કરવામાં આવી હતી.

આ તાલીમ કેન્દ્રમાં મહિલા સ્વરોજગારી અર્થે વિવિધ હસ્તઉદ્યોગની તાલીમ આપવામાં આવે છે કે જેથી આર્થિક અગવડ અનુભવતા અનેક પરિવારોને પુરક આવક મળી રહે.

આ તાલીમ કેન્દ્રમાં યોજાયેલા વાનગી સ્પર્ધામાં વિજેતા બહેનોને પુરસ્કાર આપી તેમનું સન્માન કરવાનો કાર્યક્રમ મહિલા ગૌરવ દિન તરીકે ઉજવાયો હતો. આ કાર્યક્રમાં લોકવિજ્ઞાન કેન્દ્ર વિદ્યાનગરના મીત્તલબેન પટેલ, આણંદ વોર્ડ નં. ૩ ના વિજેતા મહિલા કાઉંસીલરો તેમજ નિવૃત્ત આચાર્ય હાજી કાસમભાઈ વહોરા મહેમાનપદે ઉપસ્થિત રહ્યા હતા.

સન્માન સમારોહની શરુઆતમાં તાલીમ કેન્દ્રના સંયોજક રુબીના વહોરાએ શબ્દોથી મહેમાનોનું સ્વાગત કર્યું હતું. ત્યારબાદ સોફીના વહોરાએ પુષ્પોથી મહેમાનોને આવકાર આપ્યા પછી લોકવિજ્ઞાન કેન્દ્રના મીત્તલબેન પટેલે મહિલાઓને નવરાશના સમયનો સદઉપયોગ કરીને ઘર પરિવારને મદદરુપ થવાનો સંદેશ પાઠવ્યો હતો.

આ પ્રસંગે કોરોના સામે રોગપ્રતિકારક શક્તિ વધારતી વિવિધ વાનગીઓ બનાવવાની યોજાયેલ સ્પર્ધાની વિજેતા બહેનો બુશરા વહોરા, અલ્કીયા વહોરા, સાદિયા અને રૂબીના વહોરાનું ઉપસ્થિત મહેમાનોના હસ્તે લોકવિજ્ઞાન કેન્દ્રના પુરસ્કારથી સન્માન કરવામાં આવ્યું હતું.

આ સન્માન કાર્યક્રમમાં મહિલા રોજગારી અર્થે મહિલાઓને પ્રોત્સાહિત કરી તેઓને પુરક રોજગારી મળે તેવી તાલીમી વ્યવસ્થાનું સફળ આયોજન અને સંચાલન કરવા બદલ રૂબીના વહોરાનું લોકવિજ્ઞાન કેન્દ્ર વિદ્યાનગર દ્વારા વિશિષ્ટ સન્માન કરાયું હતું.

આ પ્રસંગે કાઉન્સીલર કરિશ્મા વહોરાએ મહિલા સશક્તિકરણ માટે દરેક સ્થળે સલામતીસભર તાલીમ કેન્દ્રો શરુ કરવાની બાહેધરી આપી હતી. કાઉન્સીલર વહીદાબેન બગસરાવાળાએ મહિલા સ્વરોજગાર તાલીમ માટે જરુરી તમામ સહયોગ આપવાની ખાત્રી આપી હતી.

મહેમાન પદે ઉપસ્થિત નિવૃત્ત આચાર્ય હાજી કાસમભાઈ વહોરાએ મહિલાઓ પર થઈ રહેલા અત્યાચારની વિગતો આપી અત્યાચાર અટકાવવા શિક્ષણ સંસ્કારો સાથે રોજગારલક્ષી તાલીમને મહત્વની ગણાવી હતી. તેમણે તાલીમ કેન્દ્રમાં કમ્પ્યુટર, રસોઈકળ સહિત સ્પર્ધાત્મક પરીક્ષા તાલીમ વર્ગોની શરુઆત કરવાની જાહેરાત કરી હતી.

આ કાર્યક્રમમાં સમાજની ચાવીરુપ મહિલાઓએ ઉપસ્થિત રહી મહિલા ગૌરવ દિનને સફળ બનાવવા ભારે જહેમત ઉઠાવી હતી.

National Bird Day Celebration: રાષ્ટ્રીય પક્ષી દિવસ

Salim Ali's Birth Anniversary: The 'Birdman of India'

राष्ट्रीय पक्षी दिवस : 12 नवम्बर, 2021

डॉ. सलीम अली [2]

❖ राष्ट्रीय पक्षी दिवस कब मनाया जाता है?

प्रत्येक वर्ष देश भर में 12 नवम्बर को 'राष्ट्रीय पक्षी दिवस' मनाया जाता है। भारत के मशहूर पक्षी विज्ञानी और प्रकृतिवादी डॉ. सालिम अली के जन्मदिवस के अवसर पर भारत सरकार ने राष्ट्रीय पक्षी दिवस घोषित

❖ डॉ. सलीम अली का जीवन परिचय:

डॉ.सलिम अली का जन्म 12 नवम्बर 1896 में बॉम्बे के एक सुलेमानी बोहरा मुस्लिम परिवार में हुआ था। डॉ. सलिम अली विश्व विख्यात भारतीय पक्षी विज्ञानी और प्रकृतिवादी थे। डॉ. सालीम अली का पूरा नाम डॉ. सलीम मोइज़ुद्दीन अब्दुल अली है। सालिम अली की प्रारंभिक शिक्षा सेंट जेवियर्स कॉलेज, मुंबई में हुई। बॉम्बे नेचुरल हिस्ट्री सोसाइटी (बी.एन.एच.एस) के सचिव डब्ल्यू.एस मिलार्ड की देख-रेख में सालिम ने पक्षियों पर गंभीर अध्ययन करना शुरू किया, जिन्होंने असामान्य रंग की गौरैया की पहचान की थी।

डॉ. सालिम अली का निधन 27 जून 1987 को 91 साल की उम्र में हुआ। इनके नाम पर 'बॉम्बे नैचुरल हिस्ट्री सोसाइटी' और 'पर्यावरण एवं वन मंत्रालय' द्वारा कोयम्बटूर के निकट 'अनाइकट्टी' नामक स्थान पर सलिम अली पक्षी विज्ञान एवं प्राकृतिक इतिहास केन्द्र स्थापित किया गया।

- पक्षी विशेषज्ञ सालिम अली के जन्म दिवस को 'भारत सरकार' ने राष्ट्रीय पक्षी दिवस घोषित किया हुआ है।
- डॉ. सालीम अली को भारत में "पक्षी मानव" के नाम से भी जाना जाता था।
- सलिम अली ने पक्षियों से सम्बंधित अनेक पुस्तकें लिखी थीं। 'बर्ड्स ऑफ़ इंडिया' इनमें सबसे लोकप्रिय पुस्तक है।
- डाक विभाग ने इनकी स्मृति में डाक टिकट भी जारी किया है।
- दिल्ली विश्वविद्यालय और अलीगढ़ मुस्लिम विश्वविद्यालय जैसे संस्थानों ने उन्हें डॉक्टरेट की मानद उपाधि से नवाजा।
- वर्ष 1958 में सलिम अली को 'पद्मभूषण' तथा 1976 में 'पद्मविभूषण' से अलंकृत किया गया था।

❖ भारत का राष्ट्रीय पक्षी मोर:

'मोर' भारत का राष्ट्रीय पक्षी है। मोर एक बहुत ही सुन्दर तथा आकर्षक पक्षी है। यह भारत के सभी क्षेत्रों में पाया जाता है। मोर के सर पर मुकुट जैसी खूबसूरत कलंगी होती है। इसकी लम्बी गर्दन पर सुन्दर नीला मखमली रंग होता है। मोर की मादा मोरनी कहलाती है। मोर के अद्भुत सौंदर्य के कारण ही भारत सरकार ने 26 जनवरी, 1963 को इसे राष्ट्रीय पक्षी घोषित किया था। हमारे पड़ोसी देश म्यांमार और श्रीलंका का राष्ट्रीय पक्षी भी मोर ही है। मोर का शिकार भारत में पूर्णतया प्रतिबंधित है। इसे भारतीय वन्य-जीवन (संरक्षण) अधिनियम, 1972 के तहत पूर्ण संरक्षण दिया गया है। [1]

Subject: Invitation as a Key-Note Speaker in **"Natubhai V. Patel Lecture Series"**.

Dear Madam,

Warm Greetings of the season.

We have great pleasure in introducing our Natubhai V. Patel College of Pure and Applied Sciences as one of few science colleges in Gujarat which has been accredited (twice) "A" Grade by NAAC and was established in the year 1996. It is recognized under 12 (B) and 2 (f) Acts of UGC, situated in Vallabh Vidyanagar, 5 km. away from Milk City Anand, Gujarat.

The college is now constituent college of C.V.M. University which has 19 colleges in the various areas in Engineering, Sciences, Commerce, Arts, and Management etc. Our college offers degree program in thirteen subjects such as **Biotechnology, Microbiology, Environmental Science, Genetics, Bioinformatics, Instrumentation, Physics, Industrial Chemistry, Chemistry, Mathematics, Information Technology, Computer Science,B.Sc.(FSQC), B.C.A. & M.Sc. (CA & IT) Dual Degree Course.** We are the pioneers in the courses like Biotechnology, Genetics, Bioinformatics & Information Technology at graduate level in the state of Gujarat. The college has strength of about 1100 plus students and 90 staff members.

The college is celebrating 25th years of establishment so have planned to start lecture series in the name of our college donor Late Shri Natubhai V. Patel on 22nd November, each year.

We very humbly request you to accept our cordial invitation as a Key-Note speaker and grace the occasion by your esteemed presence on 22 November, 2021 by 3.15pm at NVPAS auditorium.

Looking forward for your favourable response.

Thanking you,

Yours sincerely,
