Foreword

This is 'a renaissance time for learning and teaching' for us. This is a time of great changes and challenges. We have to recognize changes and challenges as an opportunity to do things differently, to create possibilities where none existed. Our every decision must be made with an eye toward the future. We have to re-examine what it means to prepare students for leadership in this country. Recent technological advances bring other part of the world into our homes every day, and students arrive on campus with a more global-worldview. Today's campus is a microcosm of the world with all its demographic, ethnic, cultural and economic diversity. Our commitment must be to the university's long term core values. CHAPTER-1

CURRICULAR ASPECTS

The UGC has identified teaching-learning, research, extension services, corporate activities and consultancy as the five major areas where teachers must contribute. The first in the list are teaching-learning which, as a criterion in the NAAC list, carries substantial weighting. Teaching-learning is woven around a curriculum in any institution. Students derive benefit from a well thought-out curriculum accounting for the latest developments in a chosen field of specialisation. We have followed the Semesterised Choice Based Credit System from 2010-11 onward. Periodic revision of courses every three years is among our best practices. The Last Periodic revision of the new course passed by Academic Council in the year of 2017-18 as per UGC Model Course Curriculum.

The University offers numerous programmes across disciplines in the form of Postgraduate Degree Courses, Postgraduate Diploma Courses, Diploma Courses, and Certificate Courses in its Postgraduate Departments and a Constituent College while Undergraduate Degree programmes are on offer in its colleges affiliated to it. Merit forms the basis of admission to masters programmes and there are entrance tests conducted and merit lists based on the results of these are used for admission to professional courses, MPhil and PhD programmes in compliance with the UGC mandate and other professional bodies, as the case may be. We have made provisions for mandatory coursework for those admitted to our PhD programmes. Also for submission of M.Phil and Ph.D. Thesis University has prepared the plagiarism policy well established & Implementation on 217-18.

All courses under the curriculum are examined in detailed before being passed by respective Boards of Studies, Faculty concerned, Postgraduate Board of Studies, Academic Council, Senate, and the Executive Council.

CHAPTER-2

TEACHING-LEARNING AND EVALUATION

Teaching-Learning is a core ingredient in the constitution of any University. It is the methodology of implementation that differentiates the university from others. The university has been keeping in its nucleolus, what the Iron Man of India envisioned about the education in Independent India. Keeping the character building and spreading education in the rural sector of India is central to Sardar Patel University.

University is following his words literally, *शीलं वृत्तं फलम् श्रुतम्* “Education without character is of no value. We must be intent on producing citizens of Independent India and not helpless people loitering for jobs.” This was enlarged later on into emphasis on excellence: “Excellence Matters”, the slogan we implemented in our practice during the celebration of our platinum jubilee year of our existence as a state university.

Teaching and learning should ideally lead to change in behaviour patterns and behaviour potential, for this is vital in shaping attitudes, knowledge, understanding, and appreciation. Our mission as a university has been ‘to accelerate the process of regeneration of villages by the application of modern arts, sciences and technology to rural requirements’. This requires constant self-assessment and constant assessment and reassessment of future needs which alone would help us achieve the target of creating future citizens of this country who would not only be self-reliant but would also have the ability to be self-employed. The region of Gujarat we serve, Charotar, is known for entrepreneurs and philanthropists. We, Charotar, are business-oriented and prefer to be self-employed and create employment for others rather than be employed by others. Our special *urban* (a recent coinage) reflecting partly-rural-partly-urban setting has allowed us to retain the uniqueness of guru-shishya parampara even if it may be in the absence of its ashram-type style of existence in that tradition.

We take legitimate pride in the fact that we have a robust system of teaching-learning which involves lecture, lecture-cum-workshop, lecture-demonstration, course-specific classroom seminars, tutorials, quizzes etc as a part of our strategy. We have also evolved a transparent and accountable system of evaluation involving blind assessment using non-transparent flapping of their seat numbers by the examinees at the end of an examination; secure centralised process of evaluation and compilation of results; speedy and confidential reassessment by external examiners outside this university; stricter penalties for unethical methods used by the students or evaluators after a free and fair hearing by the Unfair Means Committee appointed by the University Syndicate; on-the-spot verification of marked answerscripts by any student harbouring doubts about the outcome of evaluation; creation of grievance redressal committee etc voluntarily and as mandated by the UGC or the Education Department of the Government of Gujarat. All this has led to stress-free examinations and timely declaration of results. From academic year: 2018-19. Sardar Patel University has started on demand examination in which student who fails in any subject can Demand for examination and appear in examination. With on Demand examination student can complete their course of study with the stipulated time.

2.1 NUMBER OF ACADEMIC DAYS IN THE YEAR 2018-2019

Undergraduate	30	10

The Academic calendar of colleges and University Departments in various faculties is prepared and announced well in advance. Alternative teaching arrangements are always made of the teachers, if a teacher is absent. Teachers mark the presence of the students in each lecture everyday. Normally every teacher is available in the department at least for six hours a day, irrespective of his/her lecture schedule on that given day. In fact, some of the science departments and management department function from 9:00 am to late in the evening and even on holidays. This increases the availability of teachers for students’ counseling.

2.2 ADMISSION

The admission process for the Post-Graduate and Under Graduate courses is centralized and online. The students have to fill the admission form online. The prospectus is available online to the students. The prospectus is designed to introduce the creativity, highlights the details of the admission process to guide the students in choosing the right academic programs.

The University issues an official notification in Mid-May every year & gets it published in the news papers with large circulation.

The students are asked to fill the forms online. After the deadline to fill the form is over, the forms are checked and merit list prepared & displayed on the University website. (spuvvn.edu.) The counseling dates and time are also announced on the website for different departments. The admission process is executed as per the schedule in a transparent way.

Each of the Departments in the University has an admission committee, usually with the Head as the convener, entrusted with the task of finalizing admissions. The committee has the brief of ensuring that admissions are granted strictly on the basis of merit. However, when there is provision of an entrance test for admission to a particular programme, a new merit list, which has a judicious mix of the initial merit and merit based on the results of the entrance test (intimated beforehand in the Prospectus), is used for granting admissions. This way, we admit applicants in the order of merit against open seats, reserved seats for SC (7%), ST (15%), SEBC (27%), Physically/Visually handicapped (3%), EWS (10%) etc, and seats for students from other universities in Gujarat (10%) and the other states in the Union of India (20% seats set aside for them in Departments in the University recognized by the UGC under its Special Assistance Programme (SAP) because this is mandatory under the UGC provisions). The process is usually completed in a day or two at the most.

We use the e-mail, the Internet, bulk sms services and the telephone as tools to communicate effectively and efficiently within a short span of time. The academic calendars are ready by the time the admissions are over, and these are then displayed on the notice board in the Department concerned, which is how we are able to begin teaching immediately thereafter.

2.3 International Students

The International Students Centre (ISC) was established in Sardar Patel University in June 2004. The objectives behind its establishment are: (a) to assist the International Student Community by providing information related to various courses on offer in any given year, the procedure of admission to these courses, criteria governing eligibility, the fee to be paid etc, and (b) to facilitate the applicants in getting admission, help them settle down quickly and happily, take active interest in their studies, and take care of their welfare, including their security clearance from the local police, and so on. This centre also provides a link between International students and Institutes of their studies.

International Students Centre has been fortunate enough to attract a lot of foreign students every year, thanks to our need-based innovative courses on offer year after year. Our ISC has been singularly responsible for coordinating all the activities related to the admission of international scholars through a Single Window System ever since its inception. It coordinates with Indian Council for Cultural Relations (ICCR), Ministries of Human Resource Development (MHRD), External Affairs (MEA), and Home Affairs (MHA), as well as with different Embassies and Consulates for various purposes including assisting them in obtaining student or research Visa, Scholarships etc.

International Students Centre accommodates most of International Students in the University Staff Colony, Vallabh Vidyanagar to ensure their safety and give them peaceful atmosphere.

Dr. A. H. Hasmani, Professor and Head, Department of Mathematics has been taking care of ISC as Honorary Director, since 01 September 2017.

2.6 Teaching-Learning Avenues

Besides formal lectures and experiments in the laboratories, teachers use an array of other methods of teaching-learning such as lecture-cum-workshop, guest lectures by experts, projects, case studies, and summer training, supported by computer and Internet facilities, and special efforts made to prepare the learners to take NET-JRF, participation in research seminars in the department concerned. The following are the details:

(1) Seminars/Guest Lectures/Conferences

There is a provision for obligatory Students Seminars in each subject in Basic Sciences in each semester. Thus in every semester, every student has to present one seminar in each paper. Besides these there are weekly departmental researches seminars conducted during the year in the Departments like Department of Mathematics, Department of Physics, Some laboratories in the Department of Biosciences which are accessible to PhD, MPhil, MSc students. The research conferences and other guest lectures are organized during the year.

(2) Projects and Summer Trainings

- There is a provision for mandatory research projects in the last semester in the Departments of Biosciences, Home Science, Statistics, and Msc in Quality and Productivity and in Computer Science. In the Department of Business Management, students have to prepare a term paper.
- There is a provision for optional research projects in Department of Physics and Department of Mathematics.
- In the Department of Social Work there is a provision for mandatory field trip.

2.7 Evaluation

The Examination Section, in consultation with the University Departments and Colleges draws up an annual plan for holding semester/annual examinations at the beginning of any academic year, and follows this plan meticulously. The results are announced well in time.

Each of the Papers has a total weighting of 100 marks with 70% set aside for University examinations and 30% for continuous internal assessment consisting of tests, seminars and quizzes. Thus, the examinations in the University comprise of two components: external and internal evaluation. With the introduction of CBCS the University also revised the question paper style. This now comprises of an objective component and a well-balanced unitwise questions to facilitate the students preparing for examination a question bank for each paper is prepared and circulated among the students. The questions set usually require a reasonable amount of knowledge and skills pertaining to a course in a given unit from a student. We have a transparent system of allowing the students to see their marked scripts after every internal test and the examiner concerned takes time to discuss with his/her students the nitty-gritty of evaluation. The provision of blind assessment (the scripts are flapped!), and blind reassessment by teachers outside the university for students on the PG courses, and the teachers of the Postgraduate Department concerned in the University for the undergraduate examinations are made. What is more, there is moderation of assessment at undergraduate level examinations.

2.9 Examination Reforms Unit

The Examination Reforms Unit was established in 1976 in Sardar Patel University and received grants from the UGC until March 1995. It was only then that the State Government began to shoulder the financial burden.

Examination Reforms Unit of the University has a very long history of about 41 years, during which its dynamic conveners along with efficient teams have plunged headlong into implementation of various programmes of examination reforms formulated by the UGC.

CHAPTER-3 RESEARCH, CONSULTANCY AND EXTENSION SERVICES

3.1 Research

Teaching-learning both presuppose research and must lead to further research and development. The university has built track-record in attracting research funding from the UGC and other funding agencies like DST, DBT, ICSSR etc at the national level and agencies of the Government of Gujarat. We have today 03 University Departments recognized by the UGC under CAS scheme and 12 Departments under SAP-DRS scheme. Our teachers apply and get funding for Major and Minor Research Projects.

Our various Departments have identified and defined their thrust areas as follows:

Consultancy Services

Our Science Departments, Commerce and Management Departments provide consultancy services both paid as well as on honorary and informal basis. The departments within the Humanities and the Social Sciences offer consultations sometimes to the publication houses in the state and the country also on honorary and informal basis. The University and Industry Interaction (U&I Interaction) Cell, established in 2005 to facilitate such consultancy services, often helps to generate revenue largely for the teachers offering consultancy services to the industry with a percentage of it contributed to the university.

Extension Services

Extension services include guest lectures delivered, expert lectures delivered under UGC Teachers' Exchange Programme or UGC Visiting Professors/Fellows Programme, lectures in Orientation Courses, lectures in Refresher Courses, and interactions with professional groups like associations or learned societies outside this university.

The Centre for Students Counselling and Placement has been in operation and has been doing excellent work in giving aptitude tests and in arranging for placement. This centre offers career and personal counselling to students.

We have made available, the details of both consultancy and extension services provided by the university teachers in this report.

(4) Ph.D.Programme

University Postgraduate Departments have a strong Ph.D. Programme. This programme is integral to our research efforts. The Ph.D.Programme is intended to be a training programme that enables a researcher to work on his/her research independently. University seeks a balance between scholarship and research contribution of a Ph.D. scholar by ensuring that he/she engages in an extensive study in the beginning before embarking on a specific research problem. Our Ph.D. programme has been designed in such a way that any research scholar wishing to pursue further research can choose whether he/she wishes to do it full-time for a minimum of three years or part-time for a minimum of 5 years. The University has a Ph.D. Programme in affiliated PG Centres and recognized research centres too. A Research Committee in the subject concerned monitors the Ph.D. Programme in each subject. We are happy to report that we have made a provision for an interdisciplinary Ph.D. programme, which is jointly monitored by the Research Committees in the respective subject/s.

In accordance with the guidelines issued by the University Grants Commission, New Delhi, the University has introduced the entrance test and students counselling by the Departmental Research Committee for candidates seeking admission to Ph. D. .A course work of 9 credit including course on research methodology in each subject is made compulsory for Ph. D. students in each faculty.

3.3 Research Collaborations in Progress

A very important aspect of our research effort is a strong collaborative research programme. The faculties have succeeded in developing collaborative research with academics in India and abroad resulting in the publication of joint research papers, operating collaborative research projects, joint organization of various academic programmes, faculty visits and so on. This is through e-mail facility followed by faculty visits.

International/National Collaboration

Our international collaborators during last five years include scientists and academics from institutes like Clemson University (South Carolina, USA) CNRS (Mullhouse, France), Tokyo Institute of Technology (Japan), University of Erlanger-Nurmberg (Germany), University of Stuttgart, (Germany), University of Borden (France), Penn State University, (USA), Chungnam National University, (South Korea), University of London (UK), Open University of Milton Keynes (UK), University of Leeds (UK), University of Leipzig (Germany), University of Athens (Greece), Fukuoka University (Japan) and Fukuoka Institute of Technology (Japan). Our national collaborators during last five years are academics from Institutes like DRDL, (Hyderabad), DMRL (Hyderabad), BARC (Bombay), IPR (Gandhinagar), IGCAR (Kalpakkam), PRL (Ahmedabad), Mangalore University, South Gujarat University, The MS University of Baroda, Gujarat University, NDDDB, IUCAA (Pune), GAU (Anand), SICI (New Delhi), the British Council (Mumbai), the USEFI (Mumbai) etc.

Interdepartmental Collaboration

There is also interdepartmental collaborative research among Departments in Humanities and Social Sciences as well as among some Departments in Sciences. These include research amongst (a) Departments of Chemistry and Biosciences, (b) Departments of Materials Science and Chemistry, (c) Departments of Biosciences and Mathematics, (d) Departments of Mathematics and Chemistry, (e) Departments of Languages, (f) Departments of Computer Science and Technology and Biosciences, (g) Department of Economics and Agro-Economic Research Centre, (h) Departments of Home Science and Biosciences, (i) Departments of Materials Science and Biosciences and (j) Departments of Physics and Materials Science. The Department of Materials Science has also developed collaborations with GCET College, BVM Engineering College, SVNIT, Surat and LD Engineering College. of course, all Departments converge in the activities of the Community Science Centre.

Accepting a concrete outcome like publication of papers, research projects, patents, organization of an academic programme as criteria for research collaboration, the following table describes the research collaborations in progress during the present year:

The following Table offers a bird's eye view of the research collaborations in progress in the year under review:

CHAPTER- 4

INFRASTRUCTURE AND LEARNING RESOURCES

We have been able to create and put to good learning resources. Money has never been a constraint, thanks to the generous funding made available by the UGC and the State Government from time to time. We have been able to strengthen our libraries with the latest books in each and every subject-discipline. We have paid heed to the need computer literacy and the use of computers as a learning resource. Thanks to the UGC and the Government of India initiatives, we have access to a variety of subject-specific journals through INFLIBNET and other sources. Internet connectivity with high bandwidth is available to all teachers in the University as well as to learners and research scholars in our libraries.

4.1 The Uses of Computers as a Learning Resource in the University are Manifold.

- 1 **Computers and Computing:** We use the computers as office automation tool for data management, data mining, and research. The basic use of computers is being taught in all the departments
- 2 **Internet Connectivity:** The University has provided Internet connectivity to all Postgraduate Departments with sufficient nodes. Postgraduate students, MPhil and PhD scholars are encouraged to use this facility. Effective use of the Internet for literature search and E-transfer of data is greatly helping students and researchers alike in preparations for seminars, designing research and project proposals, updating and refining their dissertations and theses, and electronically communicating and managing their research papers. Over and above all this, it has become an extraordinary powerful means of establishing and maintaining academic contact and information exchange with other workers and peers, greatly enhancing research effort. In many cases, this had led to joint publications of research papers.
- 3 **Training for freeware:** The University has begun to train students in the effective use of relevant freeware. The use of the technical software LaTeX is taught to MPhil/PhD scholars in the University Departments of Mathematics, Statistics, and Physics with a view to equipping them with the necessary skills to be able to prepare technical material.
- 4 **Training in specialized software:** Relevant computer courses with practical training on computers are offered in many Departments. Besides computer programming course of varying degrees of sophistication, also include training students in effective use of readily available specific software like MATLAB and MATHEMATICA in Mathematics, SPSS in Statistics, SOUL in Library Science etc.
- 5 **Analytical ability:** Teaching of courses like Computers and Statistical methods in the Department of Biosciences, Department of Home Science and Departments of Social Sciences helps learners acquire important analytical ability for experimental studies as well as enable them to use many modern scientific equipments with which computers remain attached effectively in modern times.
- 6 **Software Development:** The Department of Computer Science and Technology trains students in the design and development of software.
- 7 **Computers as teaching aid:** We use computers as an effective teaching aid. We encourage the use of multimedia in classroom teaching. A section of the members of faculty in some Departments have succeeded in designing software to meet their needs: to prepare their PowerPoint presentation slides; to facilitate classroom teaching; and to keep assignments as well as reading materials on servers so that soft copies can be accessed through work stations. Most Departments have software tools required for developing computer-aided teaching-learning materials.

Rest of the jobs have been routed through Computerized Type Setting-DTP work or Designing and Printed with Screen Printing or Offset Printing process according to nature of the job. Multi Colour-Four Colour Offset jobs are designed on computer and then C-t-P (Computer-to-Plate) is taken out and Four Colour Offset Printing is outsourced.

The same way, the isolated Examination Unit of University Press has also been made fully computerized. Question papers are typed/entered and set on Computers, and then after proof reading printed on High Speed Copy Printer machines.

Thus, adopting Computerization the process has become easier and speedy, comparing to manual hand composing.

CHAPTER – 6

ORGANIZATION AND MANAGEMENT

The university has a long-standing tradition of leadership in all walks of academic as well as administrative life. Thanks to the tall academic leaders we have had in the form of Vice Chancellors like Shri Bhailalbhai Dyabhai Patel, Shri Babubhai J Patel, Professor R S Mehta, Professor R D Patel, Professor P J Patel, Professor B G Patel, Professor Harish Padh and Professor Shirish R Kulkarni, Faculty in the university have remained motivated and have been working towards developing higher standards of achievement. Gujaratis settled abroad or Non-resident Gujaratis, who form a part of the Indian Diaspora, contribute innovative ideas of management and quite often make donations to the university. This University is well-known in the world today due at least to two major reasons: the association of the name of the great son of the soil, Shri Sardar Patel, with it; and the contribution of the teaching fraternity in the University.

We are an affiliating university catering to the needs of approximately 40,000 to 42,000 students distributed in 11 faculties in more than 146 affiliated colleges. The large number of students in the university has indeed posed problems to the administration due to inadequate staffing in academic and administrative sections. The university leadership has been successful to persuade the state government to issue no objection certificates so that it can fill the vacancies that have remained unfilled for a long time and also new additional positions are sanctioned.

Major statutory academic bodies of the university include Boards of Studies, Faculties, Board of Postgraduate Studies and Research, Academic Council, the Senate, and the Executive Council. Each of these bodies considers proposals, discusses them at length and decides on policy before passing the proposals on to the next higher body. Consequently, quality is perceived and pursued naturally, without wasting time and energy in mere discussion. The official interactions between the administrative and academic units are bilaterally gainful for making the functioning more effective and efficient both ways in quite an amicable manner. Administrative sections and their intersectional communications make the whole system goal-oriented.

The Following describe the number of meeting held in the year 2018-2019

6.2 University Finance

The operating budget of the institutions is adequate to cover their day-to-day expenditure. Notwithstanding the fact that the State Government sometimes fails in releasing the adequate monthly grant in time creates pressure on the fiscal resources of the University, the pressure is eased using the funds available from the self-financing programmes and courses. The maintenance budget of the University is insufficient with reference to its assets, mainly because the Government, though based on value estimated three years ago, provides only 3% of the book value of the assets. The University accounts have been audited regularly, and a mechanism has been established for internal as well as external audit.

Three initiatives have been undertaken to ensure proper financial management in the University. (1) The University appointed a High-Powered Committee in 2003-04 to coordinate and streamline the financial aspects of the Postgraduate Departments as well as the Administrative Unit, and its recommendations have been implemented. (2) An Internal Auditor, who is a qualified chartered accountant, audits and approves each bill prior to payments being made, and then puts up the monthly report before competent authorities of the University. (3) The Executive Council has also appointed a Financial Advisory Committee for overseeing fiscal management and providing guidelines to ensure that the financial health of the University is maintained.

SYSTEMS OF ACCOUNTS

1. Maintenance Accounts (Non-Plan), dealing with revenue receipts and expenditure of the university.
2. Development Account (UGC Plan), dealing with the development of the university. The expenditure is being met out of the five-year plan.
3. Earmarked (Specific) and Endowment Funds, dealing with the transactions in connection with the earmarked research projects and awarding scholarships and medals. Conferences and other specified purposes are funded by various agencies namely UGC, DST, DAE, CSIR, NBHM, DRDL, ICAR, NDDB, State Governments etc.
4. Self Financed Courses: Separate accounts are maintained and expenses are being met from the resources.
5. Debt, Funds and Deposits relate to the receipts and payments in connection with the Provident Fund and other various receipts.

CHAPTER-7

HEALTHY/INNOVATIVE PRACTICES

NAAC used the phrase 'Best Practices' for a long time before shifting to the alternatives 'Healthy Practices' and 'Innovative Practices'. All these terms may be synonymous but as it happens with synonyms wherein words share something in common but differ in great degree in meaning, these terms also differ. The term *best practice* is certainly a reference to performance vis-à-vis activities indicative of a habit aimed at improvement of a skill or a skills set. The term *healthy practice* signals a practice that has, shows, or promotes positivity in the overall performance. Healthy practice is one which indicates that the activity or a set of activities provide us evidence of the institution being in good health. The term *innovative practice* indicates activity or a set of activities being performed indicate uniqueness, or suggestive of these set of activities being matchless and, therefore, superior in nature.

Some of the healthy/innovative practices we have been able to put in place and follow very meticulously as a continuum are as follows:

1. The University township in general and the University campus in particular abounds in trees of all kinds and this has helped reduce pollution a great deal and maintain temperatures at 4 to 5 % lower than what these actually are outside the campus and township at any given point in time. This also adds to the ambience of the place.
2. The Vallabh Vidyanagar Municipal Borough and the University ensures that new trees are planted in place of those that may have dried up. There is a near complete ban imposed on felling of trees on the campus and in the township. This practice ensured the presence of highest density of trees per km in Gujarat.
3. Our Internal Quality Assurance Cell (IQAC), which was created in the year 2000 to work on the SSR for the assessment and accreditation for the first time in December that year, was formalised in 2004. Subsequently, it was reconstituted in 2006, 2009 and 2015 to start preparing the SSR for reaccreditation. It has worked in tandem with the Examination Reforms Unit (ERU) of the University. These two units have kept a watchful eye on and addressed the academic and examination related issues from time to time.
4. Our successive Vice Chancellors have made themselves accessible and available to the student community throughout the year, depending on the nature of their daily schedule.
5. Admission Process for U.G. & P.G. is centralised and it is online student can fill his/her admission form anywhere through University portal. Admission is allotted based on his/her merit & Admission is issued to the student based on the student's choice. He/She can select College/Department & get the admission. The admission process is student friendly & transparent.

There is complete transparency in admissions granted on the basis of merit as the merit list for the masters, MPhil and PhD programmes is prepared and put on the University website. The university has adhered to the national and state reservation policies in the granting of admissions. Students from communities belonging to Schedule Castes, Schedule Tribes, Socially and Economically Backward Classes, Physically or Visually Challenged groups, children of retired army men and women etc are admitted on merit against their reserved quota and, therefore, there have been no complaints of discrimination. The M.Phil and Ph.D. Entrance Test are conducted centrally.

6. The university departments work in close cooperation with each other and this ensures work getting done quickly. Everyone in the university departments knows everyone else in the administration, and this has facilitated a happy co-existence. Interdisciplinary and multidisciplinary teaching and researches are encouraged and are in practice.

7. The university takes pride in the fact that we have never had strikes on the campus. Academic sessions begin every year on time, examinations are announced and conducted on time, and central evaluation is conducted and results declared on time. Complete confidentiality is observed in on-the-spot evaluation and resolution of the problem/s.
8. 10% of the meritorious students admitted on self-financing basis are granted 50% freeship on the basis of their merit standing at the Bachelors for those in the first year of the two-year masters programme and during the second year on the basis of their performance in the examination in the first year of masters programme. This works as a great incentive, and motivates our students to compete so as to be eligible for the 50% freeship.
9. Students receiving gold medals for their outstanding performance in their final year exams are invited a day before the annual convocation, publicly felicitated in the presence of their parents, the teaching fraternity, administrative staff, and leading citizens of the township specially invited for the purpose, and this ends with a dinner engagement where they get to interact with everyone present.
10. The university disburses gratuity and leave encashment fully by cheque to its superannuating employees on the day of their retirement.
11. Employees retiring during any given academic year are publicly felicitated and given a warm farewell as a result of which a permanent bond gets at once established between the university and the retiring employees, creating a lot of goodwill.
12. Medical facilities available in the University Health Centre continue to be extended to the superannuating employees and their families.
13. The University has been implementing the earn while learn programme to the students.

7.1 Internal Quality Assurance Cell (IQAC)

Internal Quality Assurance Cell (IQAC)

Data for Annual Report 2018-19 (01-04-2018 to 31-03-2019)

IQAC

Educational institutions established by the state and funded from the public exchequer for 'public good' are required to lead to improved quality of the services they offer. These academic institutions are increasingly recasting themselves on business models. For, the increased concern for accountability and transparency is virtually leading to their corporatization, resulting in demands for accountability to stakeholders, quality assurance, quality management, and Total Quality Management (TQM).

IQAC Cell at Sardar Patel University

Internal Quality Assurance Cell was formally established in May 2004 after the first accreditation of our university. In keeping with our policy of paying greater attention to quality aspects to make Quality Consciousness an intrinsic part of the academic and administrative fabric in the University, we set up an IQAC. Its twin objectives are: (a) to ensure continuous improvement in the entire operation of the institution; and (b) to assure the stakeholders in higher education – namely, students, parents, teachers, staff, employers, funding agencies and society in general of the accountability of the institution for its own quality and probity. It functions under the guidance of a Quality Advisory Committee (QAC) chaired by the Vice Chancellor.

The IQAC is mandated to perform the following functions: (1) to develop and apply quality benchmarks/parameters to various activities of the institution;(2) to disseminate information on quality aspects; (3) to organize discussions, workshops, seminars and promote quality circles; (4) to record and monitor quality measures of the institution; (5) to act as a nodal agency of the institution for quality related activities; (6) To collect, analysis and act upon the feedback of the stake holders, chiefly the students and (7) to prepare the Annual Quality Assurance Report and such other reports as may be required from time to time.

Objectives of IQAC

- 1 To ensure timely, efficient and progressive performance of academic, administrative and financial tasks
- 2 To enhance the quality of academic and research programmes by making them relevant
- 3 To create mechanisms so as to ensure equitable access to and affordability of academic programmes for various sections of society
- 4 To optimize and integrate modern methods of teaching and learning into the existing designs of the programme on offer
- 5 To create mechanisms for the improving the credibility of evaluation procedures
- 6 To ensure adequacy, maintenance and functioning of the support structure and services
- 7 To engage in sharing research and networking with other institutions in India and abroad
- 8 To integrate various activities of the institution
- 9 To channelize the interdisciplinary work by facilitating faculty members

How Our IQAC Stands Constituted

The full-fledged IQAC Composition of IQAC of the University reconstituted on 11 July, 2018 has representatives of major stakeholders: We have statutorily-appointed authorities and members of statutory bodies like the Senate, Syndicate, Board of Postgraduate Studies and Research, Academic Council, various Faculties, and various Boards of Studies. The Advisory Committee has due representation at women too.

Coordinator/Co-Coordiators

The IQAC has Coordinator and Co-coordinators with equal share of responsibilities. The coordinator is tasked with the responsibility for effective functioning of the cell and involvement of all its members in this task. The University has evolved a system whereby a great deal of continuity is maintained and those responsible for the activities of the cell are adequately experienced for the purpose.

We have established an Environment Conservation and Management Cell, known as "Environment Cell", to implement our Environment Policy. It has undertaken many activities for Rainwater Harvesting. On our own initiative, we constructed an underground tank at Vice-Chancellor's

residence for collecting rainwater. The idea generated such interest that such underground tanks were constructed at the residence of Vice-Chairman of Jagrut Mahila Sangathan, Anand and the idea is spreading very fast.

The University dug a bore-well at University Staff Colony to deposit rainwater to raise the level of underground water table. This helped raise the levels of underground water with a remarkable improvement. The Municipal Borough of Vallabh Vidyanagar took interest and dug seven such bore-wells. The cell undertook tree plantation programme on different occasions and more than five hundred trees so planted are being nurtured. The Cell has now begun preparing a Manual for Rainwater Harvesting. A small library with books on environment management, and water management is taking shape at Department of Social Work under the supervision of this Cell.

Consent was taken from the parents before commencing the intervention. The participants were screened for any cardiac, pulmonary or orthopaedic problems and then recruited in the study.

Outcome measures included Rockport one mile walk test and Vo2 max. Physical Activity Questionnaire for Adolescents was administered to know the baseline physical activity level of participants. Participants were assessed prior to intervention. Structured exercise program was administered for a total of one month. The tailor made intervention program included walking program, jogging, skipping, DBE and suryanamaskar was executed by physical training teachers at the school. गुजरात के माननीय राज्यपाल तथा सरदार पटेल विश्वविद्यालय के कुलाधिपति माननीय श्री ओमप्रकाश कोहली जी, गुजरात के शिक्षणमंत्री माननीयश्री भूपेन्द्रसिंह चुडासमा जी, विश्वविद्यालय के माननीय कुलपति प्रो. शिरीष कुलकर्णी जी, कार्यवाहक कुलसचिव श्री तुषार मजमूदार जी, विश्वविद्यालय सीनेट एवं सिन्डीकेट के सदस्यगण, अधिष्ठातागण, प्राध्यापकगण, आमंत्रित महानुभाव, अधिकारी व कर्मचारीगण, उपाधि तथा पदक-धारक छात्र-छात्राएँ, मीडियाकर्मी, देवियो-सज्जनो!

मेरे लिए परम गौरव का विषय है कि मैं आज सरदार पटेल विश्वविद्यालय के इकसठवें वार्षिक दीक्षान्त समारोह में आप सबके बीच उपस्थित हूँ। मैं उस धरती और उस आँगन में हूँ जो कि लौहपुरुष सरदार वल्लभभाई पटेल की कर्मभूमि के रूप में विख्यात है। यह पावन भूमि किसी तपोभूमि से कम नहीं है, कारण कि यह शिक्षा-दीक्षा का धाम है और जहाँ शिक्षा-दीक्षा का कार्य होता हो, वहाँ हम सबका किसी भी रूप में होना हम सबके लिए गौरवप्रद है।

सरदार पटेल विश्वविद्यालय भी अभिनंदन का पात्र है क्योंकि अपनी प्रशंसनीय गतिविधियों के बलबूते पर उसे गुजरात राज्य में सबसे ज्यादा अंकों के साथ राष्ट्रीय मूल्यांकन एवं प्रत्यायन परिषद (नैक) द्वारा 'ए' ग्रेड (प्रथम स्थान) प्राप्त है। ऐसे में स्वाभाविक रूप से इस विश्वविद्यालय में अध्ययन और अनुसंधानरत, प्रशिक्षणरत विद्यार्थियों तथा अध्यापकों को अभिनन्दित करना भी मैं समीचीन समझता हूँ। यह विश्वविद्यालय निरंतर उन्नति के नित नए सोपानों पर पहुँच रहा है। आपको इस विश्वविद्यालय का विद्यार्थी होने पर गर्व होना चाहिए क्योंकि यह संस्थान संपूर्ण प्रदेश का अग्रणी एवं श्रेष्ठ विश्वविद्यालय है। शिक्षा के विभिन्न आयामों तथा विषयों में ज्ञानार्जन हेतु यह विश्वविद्यालय देश में अपनी एक विशिष्ट पहचान रखता है। विगत वर्षों में इस विश्वविद्यालय ने उत्कृष्ट अध्ययन-अध्यापन, प्रखर शैक्षिक उन्नयन, नवोन्मेषी शैक्षणिक पद्धतियों का समावेश कर शैक्षणिक गुणवत्ता में कई कीर्तिमान स्थापित किए हैं। वास्तव में, शिक्षा-दीक्षा का कार्य व्यवसाय से कहीं ज्यादा एक परम उदात्त ध्येय होता है। इस ध्येय को जीवन में एक पुरुषार्थ के रूप में देखा जाना चाहिए। इसे हासिल करने के लिए संस्थान या प्रतिष्ठान की भूमिका भी अपने आप में उदात्त हो, यह अपेक्षा होती है। स्वयं सरदार वल्लभभाई पटेल का भी मानना था कि शिक्षा प्राप्त कर, नौकरी की तलाश में भटकते नौजवान पैदा करना शिक्षा का लक्ष्य नहीं है। व्यवसाय (प्रोफेशन) एवं उद्देश्य (मिशन) के बीच का अन्तर हमें अच्छी तरह से समझना चाहिए। यदि जीवन के ध्येय उच्च होंगे तो फिर व्यवसाय स्वयं उनका अनुकरण करता नजर आएगा। इसलिए वर्तमान युवा पीढ़ी और आगामी पीढ़ियों को भी इस बात को समझना आवश्यक है कि शिक्षा-दीक्षा को लेकर समर्पण, प्रतिबद्धता, पारदर्शिता, परोपकार-भावना, ईमानदारी, निष्ठा जैसे मानव मूल्यों को प्राथमिकता दी जाय। तभी हम स्वस्थ समाज और उन्नत राष्ट्र के निर्माण में सही मायनों में भागीदारी कर सकते हैं।

विश्वविद्यालय एक ऐसा स्थान होता है जहाँ से एकता का सन्देश भी मिलता है। सरदार पटेल को एकता और अखंडता के शिल्पी के तौर पर भी जाना-पहचाना जाता है। यह मानव जीवन का एक कल्याणकारी ध्येय है जिसका सम्बन्ध मानव मात्र की भलाई से जुड़ा हुआ है।

दीक्षान्त का सामान्य अर्थ दीक्षा का अंत होना हो सकता है परन्तु उसका व्यापक अर्थ अत्यन्त विराट है। वास्तव में शिक्षा-दीक्षा तो आजीवन, अबाध गति से चलती रहने वाली एक सनातन प्रक्रिया है। इस प्रक्रिया से लगातार गुजरते हुए निरन्तर आगे बढ़ते रहना और मानव हित में सदैव नवीन की खोज करना भी अपने आप में किसी पुरुषार्थ से कम नहीं है। अध्ययन के साथ-साथ अनुसंधान की अनिवार्यता इसीलिए बनी हुई है। विश्वविद्यालय अनुदान आयोग भी अध्ययन और अनुसंधान के समन्वय पर विद्यार्थियों-शोधार्थियों को समय-समय पर दिशा देता रहा है।

आज हम सूचना एवं प्रौद्योगिकी, विज्ञान और तकनीक के युग में जी रहे हैं। इसका मतलब यह भी है कि अब शिक्षा-दीक्षा केवल एकांगी नहीं हो सकती बल्कि वह सर्वांगी हो रही है। एक विद्यानुशासन को अन्य विद्यानुशासनों से जुड़कर चलने की जरूरत से इन्कार नहीं किया जा सकता। इस दिशा में विश्वविद्यालयों में कार्य भी जारी है। कला, साहित्य, विज्ञान, तकनीक का अनूठा संगम और समन्वय निश्चित रूप से नई संभावनाओं के द्वार खोल सकता है। इन संभावनाओं को तलाशने की प्रक्रिया लगातार चलती रहनी चाहिए। आज व्यापार-वाणिज्य बाजार के क्षेत्र में भी अध्ययन-अनुसंधान की अपार सम्भावनाएँ मौजूद हैं। इन सबका समन्वय करके आने वाली पीढ़ियों के लिए भी रोजगार के पर्याप्त अवसर उपलब्ध कराए जा सकते हैं। यही कारण है कि आज अन्तर्विद्यानुशासनीय (इन्टरडिसिप्लिनरी) प्रविधि को अपनाए जाने पर बल दिया जा रहा है। यदि हम अलग-अलग विद्यानुशासनों के बीच तालमेल बिठाकर ज्ञान-विज्ञान की उत्कृष्टता हासिल कर लेते हैं तो सही अर्थों में हम स्वायत्त और स्वनिर्भर होंगे। ऐसे में इस पर ध्यान दिए जाने की जरूरत बनी हुई है।

विख्यात दार्शनिक मनीषी पूर्व राष्ट्रपति डॉक्टर सर्वपल्ली राधाकृष्णन ने कहा था कि मनुष्य में मौजूद वैचारिक विमर्श एवं चिंतन की क्षमता ही प्रकृति प्रदत्त अलौकिक एवं विलक्षण गुण है। ज्ञान-विज्ञान के समानान्तर ही हमें सांस्कृतिक-आध्यात्मिक उन्नयन से जुड़े हुए मूल्यों को भी साथ लेकर चलना होगा, कारण कि हम भारतीय परिप्रेक्ष्य में अध्ययन या अनुसंधानरत हैं। युवा पीढ़ी से यह अपेक्षा रखना कतई अनुचित नहीं होगा कि वह भारतीय जीवन शैली को आदर्श जीवन मूल्यों के अनुरूप ढाले। जो कुछ मानव और जगत के हित में न हो उसे त्यागना ही श्रेयस्कर है और जो कुछ सबके लिए हितकारी है उसे अपनाना भी उतना ही श्रेयस्कर है।

विश्वविद्यालय अनुदान आयोग का हमेशा प्रयास रहा है कि आगामी पीढ़ियों की शिक्षा-दीक्षा अपने उच्चतर शिखर पर पहुँचे। उपाधिलक्षी शिक्षा औपचारिक रूप से स्नातक की पहचान दिलाती है परन्तु वास्तविक पहचान तो उपाधि प्राप्त करने के बाद समाज के बीच जाकर बनती है। तभी हासिल की गई शिक्षा-दीक्षा की उपयोगिता भी समझ में आती है। इसलिए, यह दीक्षा का अन्त नहीं है बल्कि नवस्नातकों के लिए एक नई शुरुआत है। मुझे लगता है कि सरदार वल्लभभाई पटेल के शिक्षा-दीक्षा संबंधी विचारों को हम इसी तरह चरितार्थ कर सकते हैं और उन्हें अपने जीवन का आदर्श भी बना सकते हैं। नालंदा और तक्षशिला से लेकर आज तक अब उस मुकाम पर पहुँच चुके हैं जहाँ समय का प्रवाह हमें अपनी योग्यता और कौशल प्रदर्शित करने की चुनौती भी दे रहा है, क्योंकि हम आज वैश्विक परिप्रेक्ष्य में शिक्षा का आदान प्रदान कर रहे हैं।

विज्ञान, तकनीकी और सूचना, संचार एवं प्रौद्योगिकी के क्षेत्र में भारत विश्व के शीर्षस्थ देशों में विशिष्ट स्थान रखता है जो हम सभी के लिए गौरव की बात है। आपको ज्ञात होगा कि सन १९७५ में भारत ने अपना पहला उपग्रह आर्यभट्ट अंतरिक्ष में छोड़ा था और अब गत वर्ष २०१७ में एक साथ १०४ उपग्रह अंतरिक्ष में प्रक्षेपित कर एक नया कीर्तिमान स्थापित किया है। परमाणु पनडुब्बी अरिहंत ने भी अपना पहला अभियान पूर्ण कर लिया है। ७५० से ३५०० किलोमीटर तक की जल, थल और नभ की मारक क्षमता वाली यह पनडुब्बी बेहद विश्वसनीय परमाणु प्रतिरोधक क्षमता प्रदान करती है।

इस अवसर पर स्मरण करना समीचीन होगा कि आजादी के बाद भारत ने जो वैज्ञानिक संस्थान स्थापित किए हैं उन्होंने देश में वैज्ञानिक प्रतिभाओं के विकास में अतुलनीय योगदान दिया है। BARC, CSIR, IISc, DRDO, ISRO, IITs सहित कई विश्वविद्यालयों के संस्थानों ने इस हेतु अहम भूमिका निभाई है। यहां के प्रशिक्षित युवाओं ने ना केवल भारत को नाभिकीय भौतिकी, अंतरिक्ष विज्ञान और संचार तकनीकी के क्षेत्र में ना केवल आत्मनिर्भर बनाया है बल्कि दुनिया भर में भारत की श्रेष्ठता का लोहा मनवाया है। सर्वप्रथम नासा तदुपरांत सिलिकॉन वैली में भारतीयों ने अपना वर्चस्व स्थापित करके श्रेष्ठता के सोपानों को छुआ है।

मेरा ऐसा मानना है कि प्रारंभिक स्तर से ही शिक्षा और विज्ञान की पढ़ाई की ऐसी संरचना हो जो प्रत्येक बालक को वैज्ञानिक दृष्टिकोण प्रदान करे, मानवीय मूल्यों से परिचित करवाये तथा विज्ञान का सदुपयोग करने एवं दुरुपयोग रोकने हेतु उन्हें तैयार करे।

आज प्रत्येक चर्चा-परिचर्चा के स्तर पर शिक्षा की गुणवत्ता पर चिन्ता-चिंतन हो रहा है। अभी हाल ही में यूजीसी ने इन तमाम पहलुओं पर गहन समीक्षा कर गुणवत्ता अधिदेश प्रसारित किया है जिसके मूल में निहित उद्देश्यों के तहत यूजीसी का मानना है कि -

१. विद्यार्थियों के लिए आरंभिक प्रशिक्षण कार्यक्रम
२. अध्ययन-निष्कर्ष आधारित पाठ्यक्रम रचना
३. प्रभावी शिक्षण हेतु सूचना एवं संचार प्रौद्योगिकी का प्रयोग करना
४. विद्यार्थियों हेतु व्यावहारिक कौशल
५. प्रत्येक संस्थान द्वारा समाज एवं उद्योग से संपर्क, आर्थिक समुन्नति हेतु कम से कम ५ गावों का विकास
६. सभी नए शिक्षकों हेतु आरंभिक प्रशिक्षण तथा सभी शिक्षकों हेतु वार्षिक पुनश्चर्या प्रशिक्षण एवं शैक्षणिक पाशासकों हेतु नेतृत्व प्रबंधन प्रशिक्षण प्रदान करना
७. शिक्षकों द्वारा गुणवत्तापूर्ण शोध तथा ज्ञान का सृजन
८. मानवीय मूल्यों एवं व्यवसायगत नीतियों को अपनाने की प्रवृत्ति विकसित करना तथा विद्यार्थियों को आवश्यक व्यावसायिक और व्यवहार कौशल में प्रशिक्षण देना जैसे सामूहिक कार्य, सम्प्रेषण कौशल, नेतृत्व कौशल, समय-प्रबंधन कौशल आदि।

युवा पीढ़ी को तथा नवस्नातकों को वैश्विक (ग्लोबल) सन्दर्भों को भी ध्यान में रखने की आवश्यकता है। मैं उम्मीद करता हूँ कि सरदार पटेल विश्वविद्यालय शिक्षा-दीक्षा के उदात्त ध्येयों को प्राप्त करने तथा कराने की दिशा में इसी प्रकार से सक्रिय रहेगा।

आज यहाँ पर जो विद्यार्थी-शोधार्थी उपाधि अथवा पदक प्राप्त कर रहे हैं मैं उन्हें हार्दिक बधाई देता हूँ और आशा करता हूँ कि आप अपना उज्ज्वल भविष्य तय करने में निष्ठापूर्वक, लगन से परिश्रम करते हुए शिक्षा-दीक्षा के मूल्यों का जतन करेंगे और निरन्तर बेहतर होने के क्रम को जारी रखेंगे। यह भी अपेक्षा है कि आप समाज और राष्ट्र की अपेक्षाओं पर खरे उतरेंगे और मानवता के अग्रदूत बनेंगे।
